

14.98 Acres with New Home-Quiet Country Setting
FM 2095 – Cameron, TX 76520

This beautiful Custom home built in 2006, is nestled quietly within this heavily wooded tract. The winding drive guides you through the trees from paved FM2095 to the circle drive in front and on to the detached garage. With Over 2,500 sf. of heated living space, vinyl wood-look flooring and carpeting throughout the home, three bedrooms, two and a half baths, large utility/mudroom with room for two freezers, laundry sink and more, an exercise room, an office with built-ins, a impressive master suite with shower and whirlpool tub, and a large country kitchen with solid surface counter tops and custom cabinets..... this place has all you could ever need.

Spacious Master suite and bay-style sitting area

Walk-In shower and corner whirlpool garden tub with separate vanities

Large guest rooms and separate hall bath

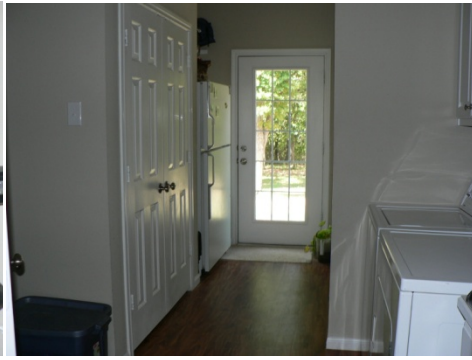

The spacious living room and large country kitchen/dining area are great places to spend quality family time.

Exercise room

Large utility with half bath & freezer space

Office with built-ins

Back of the Home.....Just add a deck and some landscaping for your personal touch !

The Garage/workshop is a great added space. Unfinished on the inside for you to design your ultimate workshop or game room space.

\$ 299,000.00
