

An aerial photograph from Google Earth showing a large land tract. A red line outlines a rectangular area that is mostly covered by a semi-transparent teal overlay. The teal area has an irregular shape, following the general rectangular boundary but with some indentations and protrusions. To the left of the red-outlined area, there are several small, irregularly shaped ponds or wetlands, some of which are also covered by the teal overlay. A road, FM 314, runs vertically along the right side of the red-outlined area. A road sign with the number '314' is visible on this road. In the top left corner, there are some buildings and more ponds. The bottom left corner shows a dark, wooded area. The bottom right corner has a north arrow and a scale bar.

1210 FM 314 at FM 1995 53+/- acres
