## NATURAL SETTING

Ancient oaks and rock formations in the general area give this site privacy and character. The surrounding area is sparsely populated with custom homes and ranches blending into a landscape of rolling hills and valleys. Wildlife is abundant in the area: deer and turkey, bobcats and fox roam freely, while raptors and other rare species of animals can still be found here because of the abundance of water and cover in this rural area.

## AREA INFORMATION

Agriculture and tourism are the dominant economic activities in the Julian area. Horse and cattle ranches are the backdrop for the landscape of light residential development. Gaming and recreational activities are important financial contributors, signaling the transition from agriculture into a more varied and stable economic base in the immediate area. There are many fine restaurants and lodging accommodations in the surrounding area of this centrally, yet privately located property.

## Recreation & Lifestyle

There are many recreational activities available in the area: the California Riding and Hiking Trail and the Pacific Crest Trail for riding, golfing at Warner's Ranch - which is presently undergoing a 50 million dollar renovation, and Borrego Springs, hunting and fishing, dining, wine tasting along the nearby San Diego-Temecula wine country corridor, and a variety of other opportunities for each family member. The newly opened Santa Ysabel Open Space Preserve offers excellent riding trails connecting the Santa Ysabel, Wynola, and Julian communities. The famous Hale Observatory on Palomar Mountain is less than 30 minutes away.
