Main Home & Pond

427.5 Acres

Travis County | Marble Falls ISD

Location

Located approx. 1 mile north of the Pedernales River bridge on HWY 71, on the east side of the road. To the north is Spicewood, TX, and to the southeast is Bee Cave and the Hill Country Galleria. Renowned Austin Golf Club is directly to the north. Just 15 min. to Hill Country Galleria.

Water Features

This property features approx. *4,600 ft. of Lake Travis waterfront* on the Pedernales River arm of the lake. There is navigable water, with topography terraced against the water at varying degrees. An intermittent creek feeds into the lake, creating a small cove.

Land

There is a varied topography on the land, with predominantly level and gently sloping terrain. Where the land fronts Hwy 71, the land is generally rockier and gently sloping towards the highway. The property has *approx. 1,800 ft. of coveted Hwy 71 frontage*. Soil is predominantly Brackett Rock (BLD). Great care has been taken to manicure the breadth of the property.

Improvements

There is currently a high-scale equestrian operation on the property, with full horse facilities including state-of-art approx. 2,400 sq ft 14-stall equestrian barn with 3 adjacent horse corrals, climate-controlled office, wash stations, and more. There are over 25 beautiful fenced pastures on the property. In the middle of the property, is a large approx. 4,000 sq ft equipment barn, with side carport. Nearby is a small standalone 2/1 foreman's house.

Main Home

The main residence on the property is a 3/3 stone luxury home built in 2009. At 3,016 sq ft, it has a large main living with fireplace, and sprawling master suite with luxury bathroom. Granite counters and beamed ceilings are just couple of the luxury touches within. Directly behind the home is a beautiful blue pond, and grove of massive mature oak trees.

Utilities

There is active electricity on the property. There is currently well and septic on the property serving existing structures. There are currently 2 LCRA easements combining for 225' width, that run through the middle of the property.

Taxes & Exemptions

There is currently an AG exemption on select parcels of the 427 acres. Current yearly taxes are at \$18,740 for the entire acreage.

Development Potential

There are currently plans in the works to bring regional water and sewer to the property. There is great potential for development, and high density projects on large acreage tracts are being negotiated in vicinities nearby.

This is one of the largest contiguous waterfront acreage properties in the Austin area. This has all the characteristics of an incredible recreational waterfront ranch and equestrian operation. Likewise, there is amazing investment and development opportunity, with desirable Hwy 71 frontage and an unparalleled picturesque Texas Hill Country setting.
