

LAND AUCTION

**721 Acres,
m/l,
Black Hawk
County, IA**

Date: Wed., Nov. 25, 2015

Time: 10:00 a.m.

Auction Site:

Denver Community Center

Address:

100 Washington St.
Denver, IA 50622

Auction Information

Method of Sale

- Parcels will be offered separately. In addition Parcels #2 and #3 will be offered as a combination.
- Seller reserves the right to refuse any and all bids.

Sellers

Robert W. Matthias Estate and
Mary E. Matthias

Agency

Hertz Real Estate Services, Inc. and their
representatives are Agents of the Seller.

Terms of Possession

10% down payment required the day of sale. Successful bidders are purchasing with no financing contingencies and must be prepared for cash settlement of their purchase on or before December 29, 2015 or after any objections to title have been cleared. Final settlement will require certified check or wire transfer. Possession will be given at settlement subject to the existing lease. Taxes will be prorated to closing.

Announcements

Information provided herein was obtained from sources deemed reliable, but the Auctioneer makes no guarantees as to its accuracy. Prospective bidders are urged to fully inspect the property and to rely on their own conclusions. Announcements made the day of the auction will take precedence over previously printed material and/or oral statements. Bidding increments are at the discretion of the Auctioneer. Acreage figures are based on information currently available, but are not guaranteed.

The information gathered for this brochure is from sources deemed reliable, but cannot be guaranteed by Hertz Real Estate Services, Inc. or its staff. All acres are considered more or less, unless otherwise stated.

**IA has updated the CSR values for each county to CSR2.

*c: Using Capabilities Class Dominant Condition Aggregation Method

Soils data provided by USDA and NRCS

CSR/CSR2 UPDATE: In January, 2014, the USDA Natural Resources Conservation Service (NRCS) released a soil survey update containing a Corn Suitability Rating (CSR) for Iowa soils based on a revised formula referred to as CSR2. For any given farm, the CSR values based on the CSR2 formula may be significantly different than the original CSR values published prior to January, 2014. Additionally, the current soil survey may contain soil types that are not found in pre-January, 2014 surveys, which will result in the CSR being reported as a null value. As the market transitions to the new CSR2 formula, we are providing both CSR and CSR2 values where both values are available. If a soil type does not have a CSR value, and is being reported as a null value, we are providing the weighted CSR based on the pre-January, 2014 soil survey data.
