NATURAL SETTING

This dreamlike setting is surrounded by thousands of acres of woodlands, grasslands, and forest – the foreground view to the north and east from the main entrance into the home is Volcan Mountain sloping down to the Santa Ysabel Open Space Preserve. Ancient oaks, Coulter pines and rock formations in the general area give this site aesthetic appeal and character. The surrounding area is sparsely populated with large ranches blending into a landscape of rolling hills and valleys. Wildlife is abundant in the area: deer and turkey, bobcats and fox roam freely, while raptors and other rare species of animals can still be found here because of the abundance of water and cover in this rural area.

AREA INFORMATION

Tourism and agriculture are still the dominant economic activity in the Julian area. Horse and cattle ranches are the backdrop for the landscape of light residential development. There are many fine restaurants and lodging accommodations in the surrounding area of this centrally, yet privately located property. Major shopping about 40 minutes driving time. There are many recreational activities available in the area: the California Riding and Hiking Trail and the Pacific Crest Trail for riding, golfing at Warner's Ranch - which is presently undergoing a 50 million dollar renovation, hunting and fishing, dining, wine tasting along the nearby San Diego-Temecula wine country corridor, and a variety of other opportunities for each family member. The newly opened Santa Ysabel Open Space Preserve offers excellent riding trails connecting the Santa Ysabel, Wynola, and Julian communities.
