Flood Insurance Rate Map No.
48021C0500E

FLOOD WARNING: The flood insurance rate maps and other data used in evaluating flood hazards are considered reasonable and accurate for regulatory purposes and are based on the best available data. On rare occasions greater floods can and will occur and flood heights may be increased by man-made or natural causes. This map does not imply that development outside an identified flood hazard area will be free from flooding or flood damage. Floodplain representation shall not create liability on the part of any officer or employee of Bastrop County.
