

Continental Estates Jewel

This exquisite 4,021 sq. ft. Continental Estates home offers the perfect setting on 8.45 acres. The Living Room features hand-scraped hickory hardwood floors from the Amish in Pennsylvania, along with vaulted ceilings, wood-burning stone fireplace with gas starter, and faux-painted walls and flows into the gourmet kitchen and dining room. Upgraded features in the kitchen include rough-edge granite counter tops, custom hickory cabinets, stainless appliances, and pantry. With the master suite on the main level, the floor plan is spacious and functional. The lower level offers 2 additional bedrooms, family room with kitchenette, pool table, full bath, stackable washer/dryer and hobby/craft room. A loft currently used as an office could be an additional bedroom.
