Located in one of the most desired backcountry communities in Southern California, this **40 acre** park-like setting adjoins Cleveland National Forest and offers a variety in landscapes: an Engelmann oak studded savannah, beautiful metamorphic rock slab outcroppings, and incredible unobstructed views in all directions.

A scenic and easy drive along Mesa Grande Road, then a short distance down Black Canyon Road, leads to a private paved road and this picturesque two story ranch home with a wrap-around porch in the middle of a rolling meadow.

With the primary consideration being to create a dwelling that blends seamlessly into the incredible landscape, the exterior of the home is worthy of a magazine cover. Built in 1989, the home looks like it was completed yesterday – perfectly maintained. The only tell-tale sign that the home has been here more than a few days is the mature and well-groomed landscape acreage surrounding the home. NATURAL SETTING

This dreamlike home site is surrounded by thousands of acres of woodlands and grasslands – the foreground view to the west from the back patio is across miles of open space. Ancient oaks and rock formations in the general area give this site privacy and character. The surrounding area is sparsely populated with large ranches blending into a landscape of rolling hills and valleys. Wildlife is abundant in the area: deer and turkey, bobcats and fox roam freely, while raptors and other rare species of animals can still be found here because of the abundance of water and cover in this rural area.

AREA INFORMATION

Agriculture is still the dominant economic activity in the Santa Ysabel area. Horse and cattle ranches are the backdrop for the landscape of light residential development. Gaming and tourism are important financial contributors, signaling the transition from agriculture into a more varied and stable economic base in the immediate area. There are many fine restaurants and lodging accommodations in the surrounding area of this centrally, yet privately located property. This beautiful site is located a short distance off of State Highways 76 or 79, with major shopping about 30 minutes driving time.

Recreation & Lifestyle

There are many recreational activities available in the area: the California Riding and Hiking Trail and the Pacific Crest Trail for riding, golfing at Warner's Ranch - which is presently undergoing a 50 million dollar renovation, and Borrego Springs, hunting and fishing, dining, wine tasting along the nearby San Diego-Temecula wine country corridor, and a variety of other opportunities for each family member. The newly opened Santa Ysabel Open Space Preserve offers excellent riding trails connecting the Santa Ysabel, Wynola, and Julian communities. The famous Hale Observatory on Palomar Mountain is less than 30 minutes away.
