Financing may be effected through conventional mortgages or deeds of trust, the issuance and sale of development or other bonds, or in any other form or manner as may be deemed appropriate by the borrower, whether Declarant or the Association. The mortgage or other security interest given to secure repayment of any debt may consist of a first, second or other junior lien as shall be deemed appropriate by borrower, whether Declarant or the Association, on the improvement or other facility to be constructed, together with such underlying and surrounding lands as the borrower deems appropriate. The debt secured by such mortgage or other security instrument may be retired from and secured by the revenues generated by dues, use fees or Assessment paid by the members of the Association, as the case may be, but subject to the limitations imposed by this Declaration.

(E) To obtain and maintain current one or more policies of liability insurance coverage to cover accidental bodily injury and/or death caused by the use and enjoyment of the Common Areas, as well as casualty coverage on all real and personal property owned by the Association, if and in such amounts as the Board shall deem appropriate.

4.8 Indemnification. The Association shall indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending or contemplated action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he is or was director, officer, committee member, employee, servant or agent of the Association against expenses, including attorney's fees, reasonably incurred by him in connection with such action, suit or proceeding if it is found and determined by the Board or a Court that he (1) acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interest of the Association, and (2) with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceedings by settlement, or upon a plea of nolo contendere or its equivalent, shall not of itself create a presumption that the person did not act in good faith or in a manner which he reasonably believed to be in, or not opposed to, the best interests of the Association, and with to any criminal action or proceeding, had reasonable cause to believe that his conduct was unlawful. The Board may purchase and maintain insurance on behalf of any person who is or was a director, officer, committee member, employee, servant or agent of the Association,

against any liability asserted against him or incurred by him in any such capacity, or arising out of his status as such, whether or not the Association would have the power to indemnify him against such liability hereunder or otherwise.

ARTICLE V ARCHITECTURAL CONTROL COMMITTEE

5.1 Approval of Plans and Specifications. No Improvement shall be commenced, erected, constructed, placed or maintained upon any Tract, nor shall any exterior addition to or change or alteration of any Improvement be made until the Plans and Specifications therefore shall have been submitted to and approved by the Architectural Control Committee in accordance herewith.

5.2 Membership of Architectural Control Committee. The Architectural Control Committee shall consist of not less than three (3) nor more than seven (7) voting members ("Voting Members") and such additional nonvoting members serving in an advisory capacity ("Advisory Members") as Declarant or its successors or assigns in appointing authority deems appropriate. The initial Architectural Control Committee shall consist of three persons appointed by Declarant each of whom shall be subject to removal and reappointment by Declarant. So long as Declarant owns any Tract subject to this Declaration or any tract or lot annexed to the terms hereof, Declarant solely shall have the right to appoint and remove members of the Architectural Control Committee. At such time as Declarant owns and Tract within the Property or any other lot or tract annexed to the terms hereof, or such earlier time at which Declarant has assigned his powers with respect to the Architectural Control Committee to the Association, the Board of Directors of the Association shall succeed to the powers of appointment and removal of Declarant with respect to the Architectural Control Committee.

5.3 Actions of the Architectural Control Committee. The Architectural Control Committee may, by resolution, unanimously adopted in writing, designate one or two (2) of its members or an agent acting on its behalf to take any action or perform any duties for and on behalf of the Architectural Control Committee. In the absence of such designation, the vote of a majority of all the members of the Architectural Control Committee taken without a meeting shall constitute an act of the Architectural Control Committee.

5.4 Advisory Members. The Voting Members may from time to time designate Advisory Members.

5.5 Control by the Association. At such time as the Association has succeeded to Declarant's right of appointment and removal of the membership of the Architectural Control Committee, the Board of Directors may determine to retain such powers or to relinquish all or a portion of such powers to the membership of the Association, in which later event the membership shall periodically elect such members of the Architectural Control Committee as shall be designated by the Board of Directors. The Board of Directors shall have all powers of appointment, removal, and increase or decrease of size of the membership of the Architectural Control Committee not ceded by the Board of Directors to the membership of the Association.

5.6 Adoption of Rules. The Architectural Control Committee may adopt such procedural and substantive rules, not in conflict with this Declaration, as it may deem necessary or proper for the performance of its duties, including but not limited to, a building code, a fire code, a housing code, and other similar codes as it may deem necessary and desirable.

5.7 Review of Proposed Construction. Whenever in this Declaration, or in any Supplemental Declaration, the approval of the Architectural Control Committee is required, it shall consider all of the Plans and Specifications for the Improvement or proposal in question and all other relevant facts and information and may require an Owner to provide such other information as is relevant. Except as otherwise specifically provided herein, prior to the commencement of any construction of any Improvement on the Property or any portion thereof, the Plans and Specifications therefore shall be submitted to the Architectural Control Committee, and construction thereof may not commence unless and until the Architectural Control Committee has approved such Plans and Specifications in writing. The Architectural Control Committee shall approve or disapprove any plans in accordance with these restrictions within thirty days from the date of the submission of such plans. The Architectural Control Committee may postpone review of the Plans and Specifications until such time as the Architectural Control Committee has received all requested and necessary information so long as the Architectural Control Committee requests such information within ten days from the submission of the plans and specifications. If the Architectural Control Committee has not issued its approval or disapproval within thirty days from the date all information is received, the plans and specifications shall be deemed approved. The Architectural Control Committee shall consider and act upon any and all Plans and Specifications submitted for its approval pursuant to this Declaration and perform such other duties assigned to it by this Declaration or as from time to time shall be assigned to it by the Board, including the inspection of construction in progress to assure its conformance with Plans and Specifications approved by the Architectural Control Committee. The Architectural Control Committee shall not be responsible for reviewing any proposed Improvements, nor shall its approval of any Plans and Specifications be deemed approval thereof from the standpoint of structural safety, engineering soundness, or conformance with building or other codes.

5.8 Variances. Declarant The Committee, may, on a case by case basis, authorize variances from compliance with any of the provisions of either (i) this Declaration, or (ii) the Design Guidelines, if any, including variances related to building setbacks, construction standards, materials, and other matters. All requests for variance shall be in writing and include such detail, information, and plans which the Committee shall reasonably request. The Committee shall be under no obligation to grant a variance to any applicant and no grant of variance by the Committee shall serve as binding precedent on the Committee to grant a similar variance in the future. All variances granted by the Committee shall be in writing. If any such variances are granted by the Committee, no violation of the provisions of this Declaration shall be deemed to have occurred with respect to the matter for which the variance is granted; provided, however, that the granting of a variance shall not operate to waive any of the provisions of this Declaration for any purpose except as to the particular property and particular provisions hereof covered by the variance, nor shall the granting of any variance affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting the property concerned.

5.9 No Waiver of Future Approvals. The approval or consent of the Architectural Control Committee to any Plans or Specifications for any work done or proposed in connection with any other matter requiring the approval or consent of the Architectural Control Committee shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any Plans and Specifications, or other matter whatever, subsequently or additionally submitted for approval or consent by the same or a different person.

5.10 Work in Progress. The Architectural Control Committee, at its option, may inspect all work in progress to ensure compliance with approved Plans and Specifications.

ARTICLE VI
FUNDS AND ASSESSMENTS

6.1 Assessments.

(A) Assessments established by the Board pursuant to the provisions of this Article VI shall be levied on a uniform basis against each Tract within the Property except those owned by Declarant. Declarant shall not be required to pay assessments on any Tract owned by Declarant.

(B) Each unpaid Assessment together with such interest thereon and costs of collection thereof as hereinafter provided, shall be the personal obligation of the Owner of the Property against which the Assessment falls due, and shall become a lien against each such Tract and all Improvements thereon. The Association may enforce payment of such assessments in accordance with the provisions of this Article.

(C) Where the obligation to pay an Assessment first arises after the commencement of the year or other period, for which the Assessment was levied, the Assessment shall be prorated as of the date when said obligation first arose to the duration of the Assessment year other period remaining after said date.

6.2 Maintenance Fund. The Board shall establish a maintenance fund into which shall be deposited all monies paid the Association and from which disbursements shall be made in performing the functions of the Association under this Declaration. The funds of the Association must be used solely for purposes authorized by this Declaration, as it may from time to time be amended, or as reserves for the payment of such purposes in the future.

6.3 Annual Assessments. Prior to the beginning of each fiscal year, the Board shall estimate the expenses to be incurred by the Association during such year in performing its functions under the Cross Canyon Ranch Restrictions, including but not limited to, the cost of all maintenance, the cost of providing street lighting, the cost of enforcing the Cross Canyon Ranch Restrictions, and a reasonable provision for contingencies and appropriate replacement reserves less any excepted income and any surplus from the prior year's fund. Assessments sufficient to pay such estimated net expenses shall then be levied as herein provided, and the level of Assessment set by the Board shall be final and binding so long as it is made in good faith. If the sums collected prove inadequate for any reason, including nonpayment of any individual Assessment, the Association may at any time, and from time to time, levy further Assessments in the same manner as aforesaid. All such regular Assessments shall be due and payable to the Association at the beginning of the fiscal year or during the fiscal year in equal monthly installments on or before the first day of each month, or in such other manner as the Board may designate in its sole and absolute discretion. In no event shall the regular Assessment per Tract for the year 2006 exceed the sum of \$700.00. Thereafter, the regular Assessment permitted hereunder shall not be increased by more than ten percent (10%) per year. However, if any Owner owns more than one (1) Tract in the subdivision, such Owner shall pay only twice the Assessment of one (1) Tract no matter how many Tracts are owned.

6.4 Special Assessments. In addition to the Annual Assessments provided for herein, the Association shall have the right to levy special assessments ("Special Assessments") against only Class A Members of the Association other than Declarant to provide for capital

improvements and needed maintenance of Common Areas provided that such Special Assessments shall be approved by the Class A Members of the Association in accordance with the terms of this Section 6.4. Any Special Assessment shall require approval of fifty percent (50%) or more of all Class A Members voting personally or through proxy at an annual or special meeting of the membership of the Association and with prior notice of the proposed assessment. Special Assessments are intended to be non-reoccurring assessments to cover extraordinary matters

6.5 Owner's Personal Obligation for Payment of Assessments. All Assessments provided for herein shall be the personal and individual debt of the Owner of the Tract covered by such Assessments. No Owner may exempt himself from liability for such Assessments. In the event of default in the payment of any such Assessment, the Owner of the Tract shall be obligated to pay interest on the amount of the Assessment from the due date at a percentage rate of six percent (6.0%) per annum, together with all costs, and expenses of collection, including reasonable attorney's fees and a fine not exceeding \$100.00 for each instance in which the Association shall file of record a notice of lien, notice of unpaid Assessment, or similar instrument documenting an Owner's delinquency in payment of any Assessment due the Association. As elsewhere herein provided, the Association is also empowered to assess fines against Owners for continued violation of the terms of this Declaration. All sums due the Association, whether for Assessments, interest, fines, or attorney's fees, shall be subject to a lien in favor of the Association.

6.6 Creation of Lien and Personal Obligation. In order to secure the payment of the Assessments, fines, and other sums due the Association by an Owner, each Owner of a Tract in the Subdivision, by such party's acceptance of a deed thereto, hereby grants to the Association a contractual lien on such Tract which may be foreclosed on by non-judicial foreclosure, pursuant to the provisions of Section 51.002 of the Texas Property Code (and any successor statute); and each such Owner hereby expressly grants the Association a power of sale in connection with such statute. The Association shall, whenever it proceeds with non-judicial foreclosure pursuant to the provisions of Section 51.002 of the Texas Property Code and said power of sale, designate in writing a Trustee to post or cause to be posted all required notices of such foreclosure sale and to conduct such foreclosure sale. The Trustee may be changed at any time and from time to time by the Association by means of written instrument executed by the President or any Vice-President of the Association and filed for record in the Official Public Records of Comal County, Texas. In the event that the Association has determined to non-judicially foreclose the lien pursuant to the provisions of said Section 51.002 of the Texas Property Code and to exercise the power of sale hereby granted, the Association, or the Association's agent, shall give notice of foreclosure sale as provided by the Texas Property Code as then amended. Upon request by Association, the Trustee shall give any further notice of foreclosure sale as may be required by the Texas Property Code as then amended, and shall convey such Tract to the highest bidder for cash by the General Warranty Deed. Out of the proceeds of such sale, if any, there shall first be paid all expenses incurred by the Association in connection with such default, including reasonable attorney's fees and a reasonable trustee's fee; second, from such proceeds there shall be paid to the Association an amount equal to the amount in default; and third, the remaining balance shall be paid to such Owner. Following any such foreclosure, each occupant of any such Tract foreclosed on and each occupant of any improvements thereon shall be deemed to be a tenant at sufferance and may be removed from possession by any and all lawful means, including a judgment for possession in action of forcible detainer and the issuance of a writ of restitution there under. In the event of non-payment by any Owner of any Assessments or other sum due the Association under the terms of this Declaration, the Association may, in addition to foreclosing the lien and exercising

the remedies provided, upon ten (10) days prior written notice to such non-paying Owner, exercise all other rights and remedies available at law or in equity.

It is the intent of the provisions of this Section 6.5 to comply with the provisions of Section 51.002 of the Texas Property Code relating to non-judicial sales by power of sale and, in the event of the amendment of Section 51.002 of the Texas Property Code hereafter, the President or any Vice-President of the Association, acting without joinder of any other Owner or mortgagee or other person may, by amendment to this Declaration file in the Official Public Records of Comal County, Texas, amend the provisions hereof so as to comply with said amendments to Section 51.002 of the Texas Property Code.

6.7 Notice of Lien. In addition to the right of the Association to enforce collection of Assessments and other sums due the Association by an Owner, the Association may file a notice of lien or notice of unpaid Assessments against the Tract of the delinquent Owner by recording an instrument ("Notice of Lien", whether or not so styled in the instrument recorded) setting forth (a) the amount of the claim of delinquency, (b) the interest thereon, (c) the costs of collection which have accrued thereon, (d) the legal description and address of the Tract against which the lien is claimed and (e) the name of the Owner thereof. Such Notice of Lien shall be signed and acknowledged by an officer of the Association or other duly authorized agent of the Association. The lien of the Association for all sums due it shall be effective whether or not a Notice of Lien shall be filed and shall continue until the amounts secured hereby and all subsequently accruing amounts are fully paid or otherwise satisfied. When all amounts claimed under the Notice of Lien and all other costs and assessments which may have accrued subsequent to the filing of the Notice of Lien have been fully paid or satisfied, the Association shall execute and record a notice releasing the lien upon payment by the Owner of a reasonable fee as fixed by the Board of Directors to cover the preparation and recordation of such release of lien instrument.

6.8 Liens Subordinate to Mortgages. The lien described in this Article VIII shall be deemed subordinate to all valid liens of any bank, insurance company, savings and loan association, university, pension and profit sharing trusts or plans, or any other third party lender, including Declarant, which may lend money in good faith for the purchase or improvement of any Tract or for a home equity or other valid loan, and for any renewal, extension, rearrangement or refinancing thereof. Each Mortgagee of a mortgage encumbering a Tract for which the liens of this Declaration shall be subordinate and who obtains title to such Tract pursuant to the remedies provided in the deed of trust or mortgage or by judicial foreclosure shall take title to the Tract free and clear of any claims for unpaid Assessments or other charges subject to lien against such Tract which accrued prior to the time such holder acquired title to such Tract. No such sale or transfer shall relieve such holder from liability for any Assessments or other charges thereafter becoming due or from the lien thereof. Any other sale or transfer of a Tract shall not affect the Association's lien for Assessments or other charges. The Association shall make a good faith effort to give each such Mortgagee sixty (60) days advance written notice of the Association's proposed foreclosure of lien described in Section 6.5 hereof, which notice shall be sent the nearest office of such Mortgagee by prepaid United States registered or Certified mail, return receipt requested, and shall contain a statement of delinquent Assessments or other charges upon which the proposed action is based provided, however, the Association's failure to give such notice shall not impair or invalidate any foreclosure conducted by the Association pursuant to the provisions of this Article VI.

ARTICLE VII EASEMENTS

7.1 Reserved Easements. The Property shall be used and enjoyed subject to (a) an easement for utilities hereby reserved to Declarant, its successors and assigns, twenty (20) feet in width along all Tract boundaries, for the installation, removal, repair, replacement, inspection and maintenance of all utilities within the Property, (b) all, if any, dedications, limitations, restrictions and reservations shown on any Plat, (c) all easements, rights-of-way, restrictions or other rights reserved or granted in any deed by Declarant conveying a Tract, and (d) all other easements and reservations of this Declaration, including, without limitation, those set forth in Section 7.2, below.

7.2 Installation and Maintenance of Utilities and Facilities. In addition to any utility or other easements reserved by Declarant in any conveyance deed, Declarant reserves unto itself, the Association, easement owners, and utility suppliers, a right of ingress or egress across, over, and under the Properties for the purpose of installing, replacing, repairing, and maintaining all facilities for utilities, including, but not limited to, water, sewer, telephone, electricity, gas, and appurtenances thereto, and to install, repair, correct, replace, or maintain all, if any, landscaping and improvements within the Common Area as Declarant may determine appropriate. Neither Declarant, the Association, nor any member of the Architectural Control Committee shall be liable for any damage done by any utility company or their assigns, agents, employees or servants, using any easements now or hereafter in existence, whether located on, in, under or through the Properties, to fences, shrubbery, trees or flowers or other property now or hereinafter situated on, in, under, or through the Properties. No provision hereof related to placement or nature of structures or conditions on a Tract, nor the approval thereof, express or implied, by the Declarant or the Committee shall affect the rights of easement owners nor enlarge the rights of Tract Owners with regard to the construction or maintenance of improvements or conditions within an easement area. By virtue of this Section 7.2, it shall be expressly permissible for the utility companies and other entities supplying utility services to the Property to install, maintain, remove and move all pipes, wires, conduits, service lines or other utility facilities or appurtenances thereto, on, above, across and under the Property, within the utility easements from time to time existing and from service lines situated within such easements to the point of service on or in any Improvement. Notwithstanding any provision contained in this section, no sewer, electrical lines, water lines or other utilities or appurtenances thereto may be relocated on the Property until approved by Declarant or the Architectural Control Committee. Declarant and utility suppliers shall additionally have the right to clear vegetation and trim overhanging trees and shrubs located on portions of the Property abutting such easements which may threaten or endanger utility lines.

7.3 Drainage Easements and Related Obligations. Conveyance of Tracts may be subject to drainage easements and each Owner covenants to abide fully with the terms thereof to ensure the free flow of surface waters within and across the Property. No improvements shall be erected or maintained within any drainage easement, or other action taken or other condition permitted to persist, which might tend to divert, increase, accelerate or impede the natural flow of water over and across such easements without the express approval in writing of the Architectural Control Committee and the Comal County Engineer's Office in New Braunfels, Texas. In addition to the foregoing prohibitions, no Owner or occupant of a Tract may erect or maintain any Improvement or condition which adversely affects or alters the flow of surface water drainage onto another Tract, whether or not such Improvement or condition shall be within a drainage easement.

Declarant and the Association shall have a right of entry onto every Tract for the purpose of removing any condition which violates the terms of this Section 7.3 but neither Declarant nor the Association shall have any affirmative duty police, control or enforce such provisions.

7.4 Surface Use of Easement Areas. Each Owner shall maintain the surface area of all easements located within his/her Tract and all improvements located therein except for such improvements for which a public authority or utility company is responsible. The surface of utility easement areas may be used for planting of shrubbery, trees, lawns or flowers. However, neither the Declarant nor any supplier of any utility or service using any easement area shall be liable to any Owner or to the Association for any damage done by them or their respective agents, employees, servants or assigns, to any of the aforesaid vegetation as a result of any activity relating to the construction, maintenance, operation or repair of any facility in any such easement area.

7.5 Title to Easement and Appurtenances Not Covered. Title to any Tract conveyed by Declarant by contract, deed or other conveyance shall not be held or construed to include the title to any roadways, Greenbelt, Amenity Area, or other Common Area, nor to any drainage, water, gas, sewer, storm sewer, electrical light, electrical power, telegraph or telephone way, or any pipes, lines poles or conduits on or in any utility facility or appurtenances thereto, constructed by or under Declarant or its agents through, along or upon any Tract or any part thereof to serve said Tract or any other portion of the Property, and the right to maintain, repair, sell, or lease such appurtenances to any municipality or other governmental agency or to any public service corporation or to any other party is hereby expressly reserved by Declarant.

7.6 Common Areas. Each Owner shall have any easement of use and enjoyment in and to all Common Areas which shall be appurtenant to and shall with title to such Owner's Tract, subject to the following restrictions:

(A) The right of the Association to suspend the Owner's voting rights and right to use the Common Areas for any period, during which any Assessment against such Owner's Tract remains unpaid, and for any period during which the Owner is in violation of the rules and regulations of the Association;

(B) The right of the Association to dedicate or transfer all or any part of the Common Areas to any public agency, authority or utility for such purposes and subject to such conditions as may be approved by a majority vote of the Members;

(C) The right of the Association to borrow money for the purpose of improving the Greenbelt or Amenity Areas and, in furtherance thereof, to mortgage the Greenbelt or Amenity Areas, all in accordance with the Articles and Bylaws;

(D) The right of the Association to make reasonable rules and regulations regarding the use of the Common Areas and any facilities thereon; and

(E) The right of the Association to contract for services with third parties on such terms and the Association may determine.

ARTICLE VIII
MISCELLANEOUS

8.1 Term. This Declaration, including all of the covenants, conditions and restrictions hereof, shall run until January 1, 2046, unless amended as herein provided. After January 1, 2046, this Declaration, including all such covenants, conditions and restrictions shall be automatically extended for successive periods of ten (10) years each, unless amended or extinguished by a written instrument executed by the Owners of at least three-fourths (3/4ths) of the Tracts within the Property then subject to this Declaration.

8.2 Nonliability of Board and Architectural Control Committee Members. Neither the Architectural Control Committee, nor any member thereof, nor the Board, nor any member thereof, shall be liable to the Association or to any Owner or to any other person for any loss, damage or injury arising out of their being in any connected with the performance of the Architectural Control Committee's or the Board's respective duties under this Declaration unless due to the willful misconduct or bad faith of the Architectural Control Committee or its members, as the case may be. Neither the Architectural Control Committee nor the members thereof shall be liable to any Owner due to the construction of any Improvement within the Property.

8.3 Amendment.

(A) By Declarant. This Declaration or any Supplemental Declaration may be amended by the Declarant acting alone until August 1, 2009, or until Declarant no longer holds fifty one percent (51%) of the votes in the Association, whichever occurs last. No amendments by Declarant after August 1, 2009, shall be effective until there has been recorded in the Official Public Records of Comal County, Texas, an instrument approved and executed and acknowledged by Declarant and setting forth the amendment, and an instrument executed and acknowledged by the President and Secretary of the Board certifying that the Declarant had the requisite number of votes. Notwithstanding the foregoing, Declarant, acting alone, may amend this Declaration at any time (i) to correct clerical errors or inconsistencies and typographical and grammatical errors, and (ii) in order to comply with VA or FHA requirements for approval of the Property.

(B) By Owners. In addition to the method in Section 8.3(A), after August 1, 2009, this Declaration may be amended by the recording in the Official Public Records of Comal County, Texas, an instrument approved and executed and acknowledged by the President and Secretary of the Association, setting forth the amendment and certifying that such amendment has been approved by Owners entitled to cast at least eighty percent (80%) of the number of votes to be cast pursuant to Section 4.3 hereof.

8.4 Notices. Any notice permitted or required to be given this Declaration shall be in writing and may be delivered either personally or by mail. If delivery is made by mail, it shall be deemed to have been delivered on the third day (other than a Sunday or legal holiday) after a copy of the same has been deposited in the United States mail, postage prepaid, addressed to the person at the address given by such person to the Association for the purpose of service of notices. Such address may be changed from time to time by notice in writing given by such person to the Association.

8.5 Interpretation. The provisions of this Declaration shall be liberally construed to effectuate the purposes of creating a uniform plan for the development and operation of the Property and of promoting and effectuating the fundamental concepts of the Property set forth in

this Declaration. This Declaration shall be construed and governed under the laws of the State of Texas.

8.6 Mergers and Consolidations. The Association may participate in mergers and consolidations with other non-profit corporations organized for the same purposes, provided that any such merger, consolidation or annexation shall have the consent (in writing or at a meeting duly called for such purpose) of those Members entitled to cast not less than two-thirds (2/3rds) of the votes of the Association.

8.7 Exemption of Declarant. Notwithstanding any provision in this Declaration to the contrary, neither Declarant nor any of Declarant's activities shall in any way be subject to the control of or under the jurisdiction of the Architectural Control Committee. Without in any way limiting the generality of the preceding sentence, this Declaration shall not prevent or limit the right of Declarant to excavate and grade, to construct and alter drainage patterns and facilities to construct any and all other types of improvements anywhere within the Property, however, the construction of sales and leasing offices and the posting of sign advertising the sale and leasing of Tracts by Declarant shall be limited to Tracts owned by the Declarant.

8.8 Assignment by Declarant. Notwithstanding any provision in this Declaration to the contrary, Declarant may assign, in whole or in part, any of its privileges, exemptions, rights and duties under this Declaration to any other person or entity and may permit the participation, in whole or in part, by any other person or entity in any of its privileges, exemptions, rights and duties hereunder.

8.9 Enforcement and Nonwaiver.

(A) Right of Enforcement. Except as otherwise provided herein, any Owner at his own expense, Declarant and/or the Association shall have the right to enforce all of the provisions of the Cross Canyon Ranch Restrictions. Such right of enforcement shall include both damages for, and injunctive relief against the breach of any such provision.

(B) Nonwaiver. The failure to enforce any provision of the Cross Canyon Ranch Restrictions at any time shall not constitute a waiver of the right thereafter to enforce any such provision or any other provision of said restrictions.

(C) Liens. The Association shall have the right, when appropriate in its judgment, to claim or impose a lien upon any Tract or Improvement constructed thereon in order to enforce any right or effect compliance with this Declaration.

8.10 Construction.
