

LAND AUCTION

**516.67 Acres
in 4 Tracts
and 2
Combinations
Butler
County, IA**

Map reproduced with permission of Farm & Home Publishers, Ltd.

Date: Wed. May 14, 2014

Time: 10:00 a.m.

Auction Site:

Allison Library Community Hall

Address:

412 - 3rd Street, Allison, IA 50602

Auction Information

Method of Sale

Tracts will be offered separately as Tract 1 consisting of 263 acres m/l, mostly cropland, includes new 48' x 29' storage bin; Tract 2 consisting of 167 acres m/l pasture/timber/river; Tract 3 consisting of 74 acres m/l, 66.23 acres currently in CRP; Tract 4 consisting of 241 acres m/l (this tract is a combination of Tracts 2 & 3); Tract 5 consisting of 12 acres m/l, farmstead with split foyer home; Tract 6 consisting of 516.67 m/l taxable acres.

(Combination of the whole).

- Seller reserves the right to refuse any and all bids.

Seller

Mark H. Berends

Agency

Hertz Real Estate Services, Inc. and their representatives are Agents of the Seller.

Terms of Possession

10% down payment required the day of sale. Successful bidders are purchasing with no financing contingencies, final closing and settlement will be on or before June 17, 2014. Final settlement will require certified check or wire transfer. Possession will occur upon closing except Tracts 1 and 2 of which an Early Occupancy Agreement will be signed the day of auction granting those Buyer's immediate access to those tracts after providing a Certificate of Insurance.

Taxes will be prorated to June 17, 2014.

Announcements

Each tracts final purchase price will be adjusted on a net taxable per acre basis based on final survey results, except acreage, which is estimated to be between 11 - 13 acres, including driveway. Seller to provide a survey of all tracts prior to closing unless the entire farm sells to 1 entity.

Information provided herein was obtained from sources deemed reliable, but the Auctioneer makes no guarantees as to its accuracy. Prospective bidders are urged to fully inspect the property and to rely on their own conclusions. Announcements made the day of the auction will take precedence over previously printed material and/or oral statements. Bidding increments are at the discretion of the Auctioneer. Acreage figures are based on information currently available, but are not guaranteed.

- **CSR2:** 65.7 per AgriData Inc. 2014, based on FSA crop acres.
- **CSR:** 60.3 per AgriData Inc. 2014, based on FSA crop acres.
- **CSR:** Per County Assessor, based on net taxable acres not determined.

Buildings/Improvements

None

Grain Storage

R/MTL - W/Air - 8 rings - Grain Storage
bin - 48' x 29' - built in 2011

Drainage

Cropland pattern tiled.

Water & Well Information

No known well.

Comments

Seller has fertilized all cropland in preparation for corn crop. Fertilizer bill available upon request and will be posted for viewing at auction.

(This fertilizer goes with the purchase of Tract 1 with no reimbursement to Seller).

It is the intention of the Seller to grant Buyer access to cropland immediately upon conclusion of the auction after signing an Early Occupancy Agreement and providing a Certificate of Insurance. Should weather dictate that Seller move ahead and plant corn crop prior to auction it will be announced on auction day and Buyer will reimburse Seller for seed and a typical custom per acre planting fee. A perpetual easement will be provided for Buyer of Tract 1 approx. 1/3 of the way from the road to the acreage along the driveway to access all cropland.

Maps provided by:

CSR/CSR2 UPDATE: In January, 2014, the USDA Natural Resources Conservation Service (NRCS) released a soil survey update containing a Corn Suitability Rating (CSR) for Iowa soils based on a revised formula referred to as CSR2. For any given farm, the CSR values based on the CSR2 formula may be significantly different than the original CSR values published prior to January, 2014. Additionally, the current soil survey may contain soil types that are not found in pre-January, 2014 surveys, which will result in the CSR being reported as a null value. As the market transitions to the new CSR2 formula, we are providing both CSR and CSR2 values where both values are available. If a soil type does not have a CSR value, and is being reported as a null value, we are providing the weighted CSR based on the pre-January, 2014 soil survey data.
