

~~The~~ Think "Old"

- ① Little dust because of sealed floors. Can place furniture anywhere. No floor vents. Filters rarely need changing. (See #16)
- ② Most of kitchen cabinets have drawers so that everything is easily accessible, including the dishwashers
- ③ Top shelves in upper cabinets are see-through.
- ④ Toilets + faucets are ADA "friendly."
- ⑤ Bathroom walls are "blocked" to allow for installation of hand rails around toilets
- ⑥ Tile floors are ADA "friendly"
- ⑦ Hallways are 40" wide
- ⑧ Almost all doors are 36" wide
- ⑨ All door handles are lever - no knobs.
- ⑩ all closets have adjustable shelving (Closet Maid) to accommodate different "reach" heights.
- ⑪ Ramp to front door and deck.

- ⑫ Deck is engineered wood. Clean with spray-washer. No warp, no rot, no splinters.
- ⑬ Pellet stove has easy access back for maintenance
- ⑭ Over size garage has plenty of storage - 2 car
- ⑮ Air tub - no bacteria in the lines
- ⑯ Floors are heated with hot water and zoned to allow for different temperatures
- ⑰ Workshop can double as a 3rd car garage.
- ⑱ Granite countertops.
- ⑲ Sidewalk nearly all the way around the house.
- ⑳ No load bearing walls.
