This parcel is located in an area that may result in impacts to San Joaquin Kit Fox habitat. Therefore, the County worked with the California Department of Fish and Game to develop mitigation measures that will reduce impacts to San Joaquin Kit Fox habitat. These mitigation measures are described in the information brochure titled "A Guide to San Luis Obispo County San Joaquin Kit Fox Mitigation Procedures", and is available at our website, [San Joaquin Kit Fox Mitigation](#)

Your project may not be subject to Kit Fox mitigation requirements if it does not require grading on slopes greater than 10% or does not require a discretionary approval.
