Buyers may, but do not have to, waive their right to receive the Disclosure form from the sellers if the sellers provide a disclaimer statement with no representations or warranties (see Tenn. Code Ann. § 66-5-202).

- Remedies for misrepresentations or nondisclosure in a Property Condition Disclosure statement may be available to
   buyer and are set out fully in Tenn. Code Ann. § 66-5-208. Buyer should consult with an attorney regarding any such
   matters.
- Representations in the Disclosure form are those of the sellers only, and not of any real estate licensee, although
   licensees are required to disclose to all parties adverse facts of which the licensee has actual knowledge or notice.
- Pursuant to Tenn. Code Ann. § 47-18-104(b), sellers of newly constructed residences on a septic system are prohibited
   from knowingly advertising or marketing a home as having more bedrooms than are permitted by the subsurface sewage
   disposal system permit.
- 17. Sellers must disclose the presence of any known exterior injection well, the results of any known percolation test or soil
  absorption rate performed on the property that is determined or accepted by the Department of Environment and
  Conservation, and whether the property is located within a Planned Unit Development as defined by Tenn. Code Ann. §
  66-5-213 and, if requested, provide buyers with a copy of the development's restrictive covenants, homeowner bylaws
  and master deed. Sellers must also disclose if they have knowledge that the residence has ever been moved from an
  existing foundation to another foundation.
- The Buyers and Sellers involved in the current or prospective real estate transaction for the property listed above acknowledge that they were informed of their rights and obligations regarding Residential Property Disclosures, and that this information was provided by the real estate licensee(s) prior to the completion or reviewing of a Tennessee Residential Property Condition Disclosure, a Tennessee Residential Property Condition Disclaimer Statement, or a Tennessee Residential Property Condition Exemption Notification. Buyers and Sellers also acknowledge that they were advised to seek the advice of an attorney on any legal questions they may have regarding this information or prior to taking any legal actions.
- The Tennessee Residential Property Disclosure Act states that anyone transferring title to residential real property must provide information about the condition of the property. This completed form constitutes that disclosure by the Seller. The information contained in the disclosure is the representation of the owner and not the representation of the real estate licensee or sales person, if any. This is not a warranty or a substitute for any professional inspections or warranties that the purchasers may wish to obtain.
- Buyers and Sellers should be aware that any sales agreement executed between the parties will supersede this form as
   to the terms of sale, property included in the sale and any obligations on the part of the seller to repair items identified
   below and/or the obligation of the buyer to accept such items "as is."
