This figure is an aerial map of the Pumpkin Creek Ranch in Volberg, Montana. The map displays the ranch's boundary as a large, irregular black outline. Within this boundary, several specific areas are highlighted with colored patterns and labels:

- Parcel A:** A large, irregularly shaped area in the center of the ranch, outlined in black.
- Parcel B:** A large, irregularly shaped area in the upper right portion of the ranch, outlined in yellow.
- BLM Lease:** Three distinct areas are marked with a yellow diagonal hatching pattern. These are labeled with their respective acreages: 330.6 Acres (top right), 40 Acres (small area on the left side of Parcel B), and 320 Acres (a rectangular area in the lower left of the ranch).
- Montana Lease:** Two distinct areas are marked with a blue diagonal hatching pattern. These are labeled with their respective acreages: 640 Acres (a rectangular area in the center of the ranch) and 160 Acres (an L-shaped area in the lower right of the ranch).

A legend in the bottom left corner provides a key for these symbols and includes a disclaimer: "This map is a visual aid only. Accuracy is not guaranteed."
