

Maps and documents made available to the public by the County are not legally recorded maps nor surveys and are not intended to be used as such. The maps and documents are created as part of a Geographic Information System (GIS) that compiles records, information, and data from various township, village, city, county, state and federal sources. The source data may contain errors. Additionally, maps and documents prepared by the GIS from multiple sources, even if derived from data that is error free, may not be reliable due to differences in the databases or computer programs of the source materials. The County has attempted to include more specific clarifications or advisories on the specific documents or maps however, none of the maps or documents should be used for navigational, tracking or any other purpose requiring exacting measurement of distance or direction or precision in the depiction of geographic features. If errors or discrepancies are found please contact (269) 384-8115. The State, County, Townships, Cities and Villages shall not be liable for any damages or claims that arise out of the users access to, or use of the maps, documents and data provided. The preceding disclaimer is provided pursuant to Michigan Public Act no.462, the Enhanced Access to Public Records ACT, and the user of this map acknowledges that the State, County, Townships, Cities and Villages shall not be liable for any damages, and expressly waives all claims, and agrees to defend, indemnify, and hold harmless the State, County, Townships, Cities and Villages from any and all claims brought by the User, its employees or agents, or third parties which arise out of the Users access or use of data provided. Water Table Depth: This information is only a guideline. Depth to water table can vary more than 8 feet from year to year. Source: MDEQ/MSU 2005. Surface Water Buffers: Development inside these buffers may require a Soil Erosion and Sedimentation Control permit. Call 269-384-8117.
