Your dream of owning your own Whitetail Deer & Wild
Game Hunting Ranch can come true!

We are ready to retire and pass the stewardship of this
beautiful one of a kind property to its new owners.

Fort Whitetail Ranch is 320 acres of prime whitetail habitat, with thick cedar swamps interspersed with hardwood ridges throughout. A beautiful stream flows through the property providing year round water. Two ponds on the property also add to the aesthetics. The densely covered northern Michigan terrain of the ranch makes for a magnificent fair chase hunt experience and provides cover to support hundreds of trophy deer and wild game without danger of over browsing.

The inviting and family owned 5200 square foot lodge provides the most discriminating hunter with a memorable stay for you, your family, clients and guests. You can be assured that the forward planning details of the Ranch were planned with the "Big Picture" in mind for current and future generations of hunting.

A complete organized system of breeding facilities provides a constant and elite supply of hunting stock, eliminating the need to purchase shooter bucks. Please note the that the Ranch is in full compliance with any and all of DNR regulations.

For a year-round business, a corporate retreat or your dream home, contact the ranch's owners at your earliest opportunity.

"Fort Whitetail, where you'll enter a time when the wind whistling through the hemlocks and the geese honking overhead were the only sounds in the woods ... except for the crunch of a leaf ... the breaking of a twig ... and there, through the mist rising from the depths of the cedar swamp stands the most majestic example of the whitetail species you've ever seen."

Fort Whitetail ... the way hunting used to be. And now it can be yours.
