Directions to Lot 2 Vestal Tracts:

Take the Lincoln Exit north of Helena, Montana and drive West on Highway 279 until you come to the Marysville turn off. Continue approximately 6 miles to Marysville. Please note that there is new road construction in progress in the Summer of 2008 on this road and there may be delays. This newly paved road will increase the value of those properties that are accessed from this route. Once you arrive in Marysville, take a left turn on Belmont Drive and continue for 8/10 of a mile to Ottawa Gulch Road. Please set your odometer at this time. Continue for approximately 2.1 miles until the road splits -- you will want to take the middle road that goes forward. Then continue to mile 2.4 where you will cross a cattle guard. At mile 3 you will see a sign 'leaving Helena National Forest'. Just past that sign take the road to the left. At 3.1 miles there is a faint trail on your left that will lead you to the dry cabin. Continue for another tenth of a mile to the cabin. The outhouse is just beyond that as well as the excavated building site and the creek.
