PART ONE

- (1) These restrictions and restrictive covenants constitute a general plan for the improvement of all of the property in ROLLING HILLS COLONY and for the maintenance and preservation of its uniform desirable character and are to run with the land and shall be binding on all parties until September 1, 1984, at which time all such restrictions shall be automatically extended for consecutive periods of five (5) years each, unless, by vote of the then owners of the majority of the lots in such Subdivision, it is agreed to alter, amend or rescind the same in whole or in part.
- (2) These restrictions shall be binding upon the owners of all lots in said subdivision and on all persons holding or claiming any right of possession or other interest therein, each of whom shall be obligated and bound to observe such restrictions and restrictive covenants; and in the event of violation of any of such restrictions with respect of any of such lots it shall be the legal right of any other person owning any interest in any property in the subdivision to institute and maintain any proceeding at law or in equity against the person or persons violating or attempting to violate any of such restrictions; provided that no person or persons shall be liable in damages for any violation or breach of such restrictions, except in respect to violations or breaches committed during his or her ownership and control of said property. Failure to enforce any restriction herein contained shall not be deemed to be a waiver of the right to enforce such restriction at any time thereafter as to the same violation or breach or as to any other violation or breach occurring either prior or subsequent thereto.

PART TWO

- (3) All of the lots in said Section II are designated as residential lots and shall be used for residential purposes only as hereinafter more particularly provided.
- (4) Only one single family private dwelling unit or residence designed for the occupancy of one family and one appurtenant garage shall be erected on the front seventy (70) feet of any residential lot in said Subdivision. Such residence or dwelling unit shall contain not less than One Thousand (1,000) square feet of floor space; provided, however, that two hundred (200) square feet of such floor space may be in an open or screened porch, but not less than eight hundred (800) square feet of floor space shall be enclosed living area, exclusive of open or screened porches, breezeway or

- (5) One single family, guest house containing not less than eight hundred (800) square feet of building area including open or screened porches or breezeways, may be constructed on the rear of any lot after the completion of construction of the main dwelling unit, but no part of such temporary dwelling unit or guest house shall be closer than one hundred (100) feet to the front property line.
- (6) Neither the main dwelling unit nor the guest house nor any other building on the premises shall be constructed of "boxed" or "sheet metal" construction and all improvements in the Subdivision shall be constructed in a substantial workmanlike manner to correspond with the character of the neighborhood. All exterior woodwork of all houses and buildings in said Subdivision shall be painted with at least two coats of paint, varnish or stain immediately upon completion and before occupancy.

- (11) All lavatories, toilets and bath facilities shall be built indoors and connected with adequate septic tanks constructed to comply with the specifications of State and local health authorities and no "outside" or "surface" toilets shall be permitted under any circumstances. Each septic tank shall serve not more than one residence and guest house located on the same lot. No part of the drain field for any septic tank on any lot in Block Two (2) shall extend within sixty (60) feet of the lot property line

abutting on the lake and the septic tank drain field on such lots shall be so constructed and maintained to prevent any drainage therefrom into the lake.

- (12) No building or structure of any kind shall be erected or placed on any lot in this Subdivision until the building plans, specifications and plot plan showing the location of said improvements have been submitted to and approved in writing by the Architectural Control Committee for the Subdivision.
- (13) The original Architectural Control Committee will be composed of E. A. KELLY, C. C. McMILLIAN and BRITTON P. LAUGHTER, JR. Each of the original members may by instrument in writing designate an alternate member to serve in his place on said Committee either permanently or for a limited time. In case of the death, absence or inability to act of any member or members of the Committee, the remaining member or members of the Committee present and acting may designate and appoint in writing an alternate member or members to act until the regular
