

Pecan Tree ranking (per Owen Tisdale at Fredericksburg Pecan Co/Segner's)

- Cheyenne - paper shell, ~\$1,200/b in 2005
- Burkett - paper shell, but watch for cracks / splits. \$11/b '05
- Tejas - paper shell
- Seedling - hard shell. Probably planted from a seed vs. a known variety, but a good nut. \$.80/b '05
- Desirable - hard shell. .80/b in '05
- Success - hard shell. These are pretty poor and he suggests grafting on some other variety. .80/b in '05
