Wooded
northern area

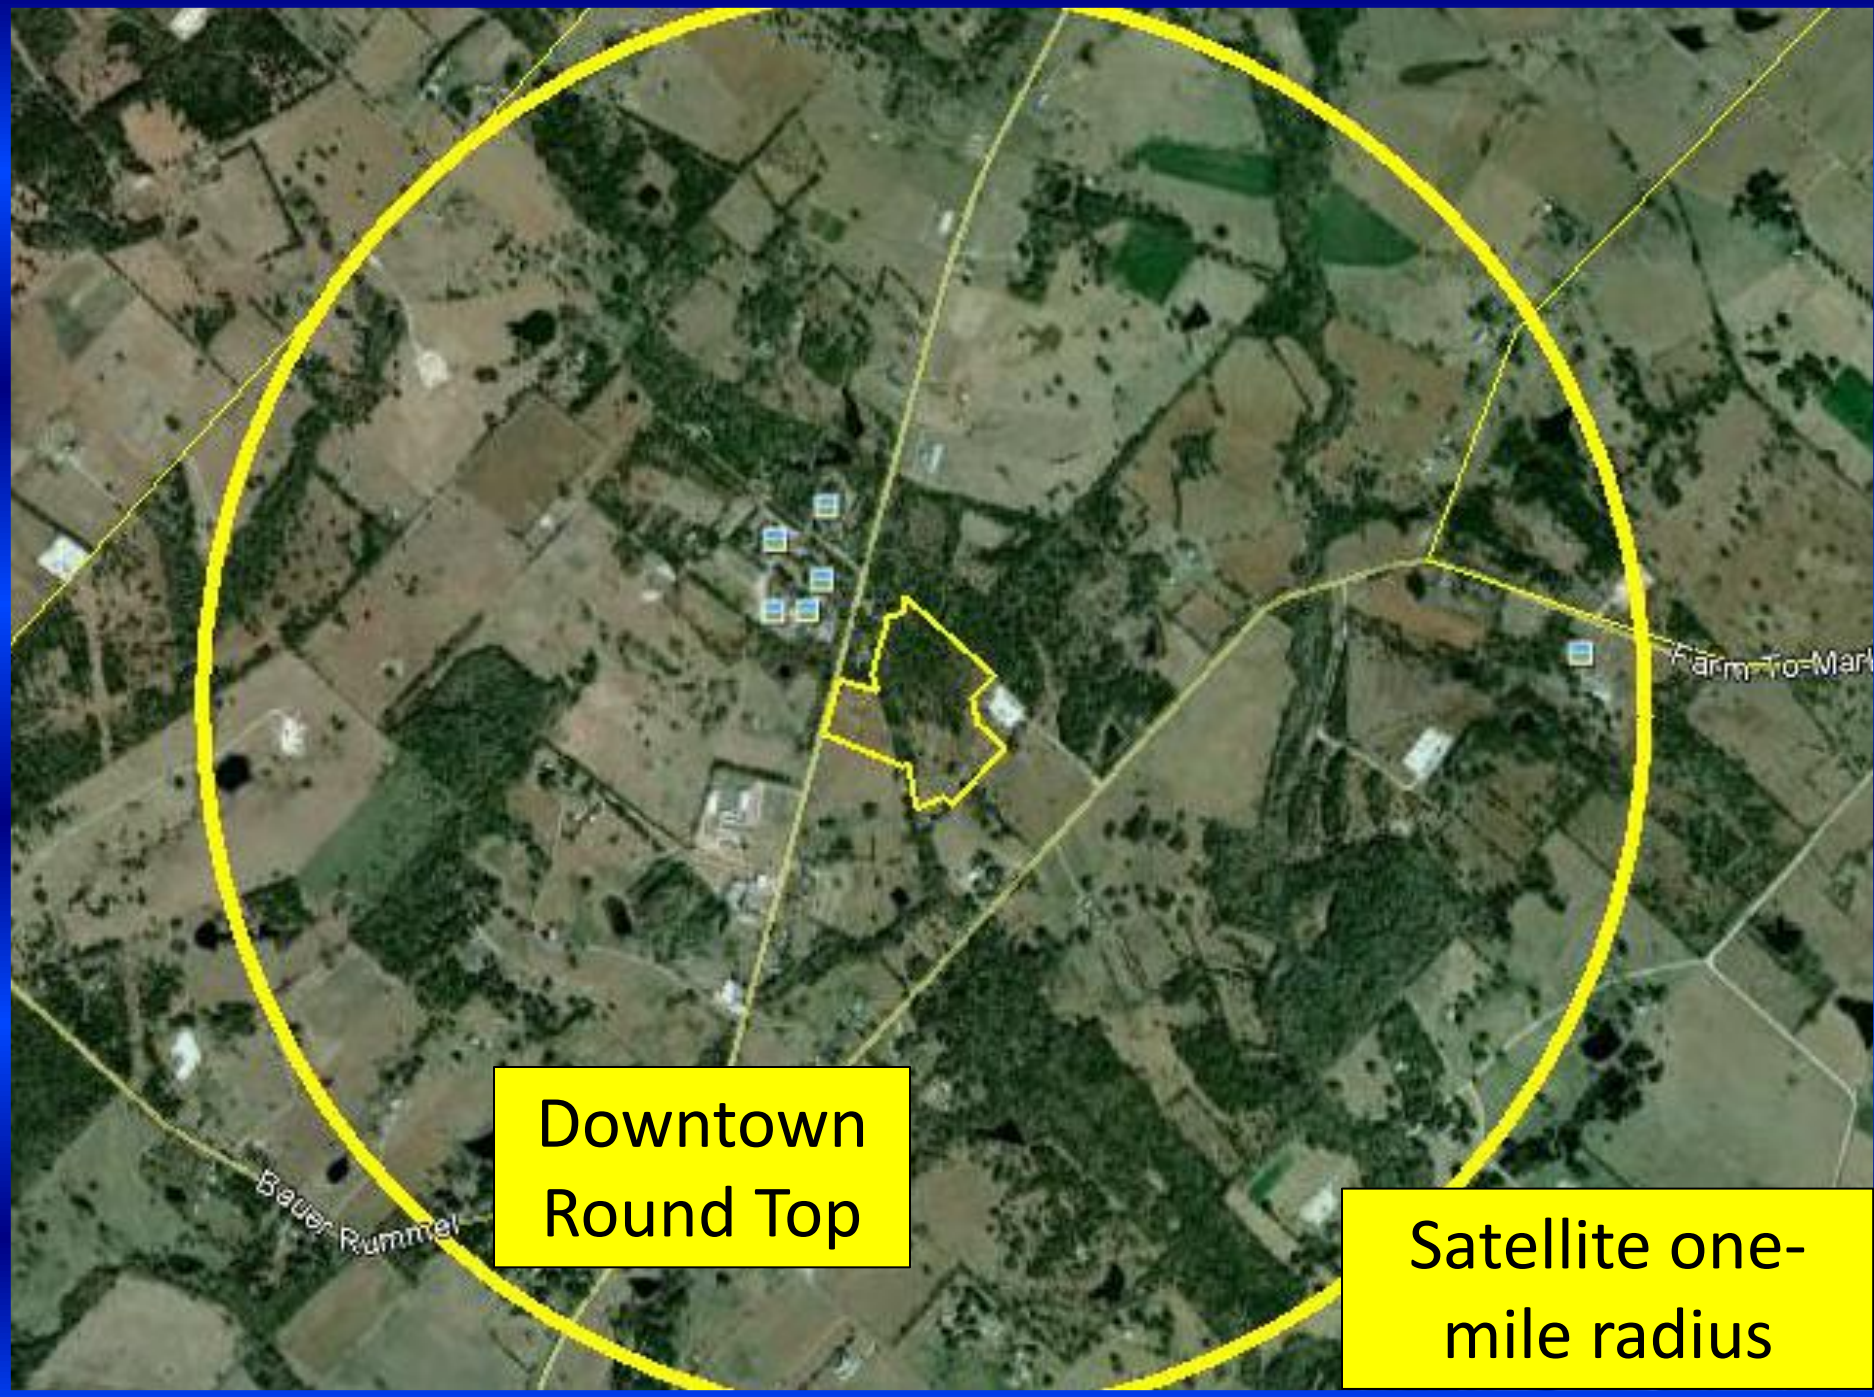

A satellite map of a rural area. A large yellow circle is drawn around a central point, representing a half-mile radius. A yellow polygon is drawn around a specific area of land, which is labeled 'The Institute'. The polygon is irregular and follows the boundaries of a wooded area. The area is surrounded by fields, some of which are brown and some are green. There are several roads visible, including 'Jaster Rd' and 'Farm-To-Market Rd 1457'. A yellow box with the text 'Elementary School' is located in the lower-left quadrant of the circle. A yellow box with the text 'Satellite half-mile radius' is located in the lower-right quadrant of the circle.
