**Comments:** This farm has been in the same family for many, many years. It is a rare opportunity

to find a location like this. The home site does need some clean up, but you can't beat

the protection the mature tree groves provide. There is a nice grove along the north and south boundaries as well as a well developed grove through the middle of the property. The Stapleton school bus will drive right to the driveway to take the children to school. Don't miss this chance to put your sweat equity to work.
