- Sellers are willing to divide; see additional Anderson County 160 acre and 200 acre listings.

This 360 acres is what great whitetail farms are all about! This property has a great mix of timber, heavy cover, food plots, water sources, and tillable. The approximately 250 acres of timber is some of the heaviest cover in the immediate area and with the food and water on this property the deer simply have no reason to leave. This property has a proven track record of trophy class whitetail production with several deer over 150" being harvested in recent years along with a pile of trail camera pictures of deer living on the property. This tract has a lot to offer and after you walk this property you will appreciate its potential to grow and hold those mammoth bucks that Kansas is quickly becoming known for. Call Agents Todd Bigbee at 620-518-0806 or Tom McFarlane at 612-819-0335 for more information or to schedule a showing of this fine property.
