Equipment for the storage or disposal of such waste materials shall be kept in clean and sanitary condition. No Lot shall be used for the open storage of any materials whatsoever, which storage is visible from the street, except that new building materials used in the construction of improvements erected upon any Lot may be placed upon such Lot at the time construction is commenced and may be maintained thereon for a reasonable time, so long as the construction progresses without undue delay, until the completion of the improvements, after which these materials shall either be removed from the Lot or stored in a suitable enclosure on the Lot.

Section 12. Utility Easements. The utility easement areas dedicated and shown on the recorded map of DEERWOOD LAKES, SECTIONS I, II and III may be cleared and kept clear by any utility of all trees, bushes, and other growth, including overhanging branches from trees or protrusions from structures located upon adjacent property, without payment to Owners by such utility for such clearance, cutting or trimming. In the event of default on the part of the Owner or occupant of any Lot in maintaining said protective screening and such failure continuing after ten (10) days written notice thereof, Declarant or its assigns may, at their option, without liability to the Owner or occupant in trespass or otherwise, enter upon said Lot and cause said protective screening to be repaired or maintained or to do any other thing necessary to secure compliance with these restrictions, so as to place said protective screening in a satisfactory condition and may charge the Owner or occupant of such Lot for the cost of such work. The Owner or occupant, as the case may be, agrees by the purchase or occupancy of the property to pay such statement immediately upon receipt thereof.

Section 14. Lot Maintenance. The Owners or occupants of all Lots shall at all times keep all weeds and grass thereon cut in a sanitary, healthful and attractive manner and shall in no event use any Lot for storage of materials and equipment except for normal residential requirements or incident to construction of improvements thereon as herein permitted or permit the accumulation of garbage, trash, or rubbish of any kind thereon and shall not burn anything (except by use of an incinerator and then only during such hours as permitted by law). The drying of clothes in full public view is prohibited and the Owners or occupants of any Lots at the intersection of streets or adjacent to parks, playgrounds, or other facilities where the rear yard or portion of the Lot is visible to full public view shall construct and maintain a drying yard or other suitable enclosure to screen the following from public view: The drying of clothes, yard equipment, wood piles or storage piles which are incident to the normal residential requirements of a typical family. The Owner or occupant, as the case may be, agrees by the purchase or occupancy of the property to pay such statement immediately upon receipt thereof.

Section 15. Motor Vehicles. No unlicensed motor vehicles shall be allowed within the subdivision. No cesspool may be installed on any Lot in this subdivision and whenever a residence is established on any site, it shall provide only an inside toilet and it shall be connected with a septic tank and drain field until such time as a central sanitary sewer system becomes available to the lot, at which time tie in with the central system must be effected. No septic tank may be installed unless approved by the Waller County Health Unit and all governmental agencies or authorities having jurisdiction. No septic tank may drain into road ditches, either directly or indirectly, nor may a septic tank be constructed within 100 feet of any lake or creek as measured from high water line.

Section 17. Pets. No horses, cows, hogs, poultry, or livestock of any kind (other than house pets of reasonable kind and number) may be kept on any Lot. Should such pets become a nuisance in the opinion of the Declarants, they must be removed from the premises and the subdivision. No pets are to run at large.

Such charge may be adjusted from time to time by the Board of Directors of the water district to be created for the subdivision, which charge shall be due and payable in monthly installments in advance; and the payment of the standby charge or charges shall be and is secured by a lien reserved herein. General Mortgage Corporation does hereby reserve unto itself, its successors and assigns, establish and impose a lien securing the assessment as herein set forth for the prescribed water district standby charge.

The lien hereby established, may be foreclosed upon, after notice of delinquency to the owner of any lot, as and in the same manner as is provided for the foreclosure of a mortgage upon real property under the laws of the State of Texas, as if General Mortgage had retained a vendor's lien and possessed a deed of trust and note against said lots. Any such action of foreclosure will entitle the lien holder to reasonable attorney's fees and other allowed costs and penalties.

It is specifically provided hereby that all property held by General Mortgage Corporation, its successors and assigns for sale or resale within this subdivision is hereby totally exempt from any and all of the requirements of this water district standby charge reservation and no lien shall become effective on any property herein until said property is sold to a bonafide purchaser by contract or deed.

Such charge, and all liens securing the payment thereof, shall be subordinate to purchase money mortgages, or first liens created for the purposes of financing the construction of a residence or dwelling on the property. The lien may be released only by the execution of a release by General Mortgage Corporation, its successors and assigns, specifically including the Board of Directors of the water district as may hereinafter be created.
