These photos show the guest house (the "bunk house"), known as the "Tucker Cabin". This structure provides for private living quarters in the current owner's Bed & Breakfast operations (as a Bed & Breakfast, the main home, in addition to providing for the owner's private suite, offers two additional Bed & Breakfast bedrooms each with it's own private bath. Plus the finished, walk-out basement could provide an additional private living area!), which offers a full kitchen, large great-room with Cathedral ceilings, a bedroom with single and double bed, a full bath, with central heat and air, as well as a wood stove.

ABOVE: The Brick Storage Building. It far exceeds that of a typical storage building, and is more like a small (12' x 16') shop. It is of solid brick construction, with concrete floor, with fireplace, and "gun-port" style windows, and insulated wood door with blacksmith ironwork!

The Tobacco Barn, Machinery Shed, and one of the small ponds!

THE "SMALL BARN"

The lake (2 plus acres) as seen from top of the ridge!

View of the North Fork of the Licking River which forms over a 1.25 miles of the boundary of the boundary of the 217 acres!
