A topographic map of a study area. A blue polygon outlines the study area, which is bounded by a road to the north and a creek to the east. The map shows contour lines with elevations ranging from 520 to 670 feet. A road labeled 'SULPHUR-SPRING ROAD' runs along the northern boundary. A major road, 'Interstate 66', is shown on the left side. A creek, 'Molly Booth Run', flows through the eastern part of the study area. A dashed line indicates a boundary or feature within the study area. A green star marks a specific location within the study area.
