DISCLAIMER NOTICE

The Brokers and their affiliated licensees (hereinafter collectively "Licensees") involved in the Purchase and Sale Agreement (hereinafter "Agreement") regarding real estate located at

7419 Baker Mountain Road **Spencer** **TN 38585** (hereinafter "Property") are not attorneys and are not structural or environmental engineers. They are engaged in bringing together buyers and sellers in real estate transactions. Licensees expressly deny any expertise with respect to advice or informed opinions regarding any of the following matters. This Disclaimer Notice is an express warning to all sellers and buyers that they should not rely on any statement, comment or opinion expressed by any Licensee when making decisions about any of the following matters, including the selection of any professional to provide services on behalf of buyers or sellers. Any professional selected by buyers or sellers should be an "independent, qualified professional", who complies with all applicable state/local requirements, which may include licensing, insurance, and bonding requirements. It is strongly recommended that buyers include contingency clauses in their offers to purchase with respect to these or any other matters of concern and that buyers, in writing the offer, allow enough time to get an evaluation of the following matters from an independent, qualified professional. The matters listed below are not an exclusive list of actions or circumstances which are not the responsibility of the Licensees with whom you work. These items are examples and are provided only for your guidance and information.

- 1. THE STRUCTURAL OR OTHER CONDITIONS OF THE PROPERTY.** Consult with professional engineers or other independent, qualified professionals to ascertain the existence of structural issues, the condition of synthetic stucco (E.I.F.S.) and/or the overall condition of the Property.
- 2. THE CONDITION OF ROOFING.** Consult with a bonded roofing company for any concerns about the condition of the roof.
- 3. HOME INSPECTION.** We strongly recommend that you have a home inspection, which is a useful tool for determining the overall condition of a home including, but not limited to, electrical, heating, air conditioning, plumbing, water-heating systems, fireplaces, windows, doors and appliances. Contact several sources (like the Tennessee Department of Commerce & Insurance (<http://tn.gov/commerce/>), the American Society of Home Inspectors (www.ashi.com), the National Association of Certified Home Inspectors (www.nahi.org), and Home Inspectors of Tennessee Association (www.hita.us) and independently investigate the competency of an inspector, including whether he has complied with State and/or local licensing and registration requirements in your area. The home inspector may, in turn, recommend further examination by a specialist (heating-air-plumbing, etc.). **Failure to inspect typically means that you are accepting the Property "as is".**
- 4. WOOD DESTROYING ORGANISMS, PESTS AND INFESTATIONS.** It is strongly recommended that you use the services of a licensed, professional pest control company to determine the presence of wood destroying organisms (termites, fungus, etc.) or other pests or infestations and to examine the Property for any potential damage from such.
- 5. ENVIROMENTAL HAZARDS.** Environmental hazards, such as, but not limited to: radon gas, mold, asbestos, lead-based paint, hazardous wastes, landfills, byproducts of methamphetamine production, high-voltage electricity, noise levels, etc., require advanced techniques by environmental specialists to evaluate, remediate and/or repair. It is strongly recommended that you secure the services of knowledgeable professionals and inspectors in all areas of environmental concern.

- 40 6. **SQUARE FOOTAGE.** There are many ways of measuring square footage. Information is sometimes
41 gathered from tax or real estate records on the Property. Square footage provided by builders, real estate
42 licensees, or tax records is only an **estimate** with which to make comparisons, but **it is not guaranteed**. It is
43 advised that you have a licensed appraiser determine actual square footage.
- 44 7. **CURRENT VALUE, INVESTMENT POTENTIAL, OR RESALE VALUE OF THE PROPERTY.** A
45 true estimate of the value can only be obtained through the services of a licensed appraiser. No one, not even
46 a professional appraiser, can know the future value of a property. Unexpected and unforeseeable things
47 happen. **NOTE:** A real estate licensee's Comparative Market Analysis (CMA) or Broker's Price Opinion
48 (BPO), etc., while sometimes used to set an asking price or an offer price, is **not** an appraisal.
- 49 8. **BOUNDARY LINES, EASEMENTS, ENCROACHMENTS, AND ACREAGE.** It is strongly advised
50 that you secure the services of a licensed surveyor for a full-stake boundary survey with all boundary lines,
51 easements, encroachments, flood zones, total acreage, etc., clearly identified. It is also advised that you **not**
52 rely on mortgage loan inspection surveys, previous surveys, plat data, or Multiple Listing Service (MLS) data
53 for this information, even if acceptable to your lender.
- 54 9. **ZONING, CODES, COVENANTS, RESTRICTIONS, AND RELATED ISSUES.** Zoning, codes,
55 covenants, restrictions, home owner association by-laws, special assessments, city ordinances, governmental
56 repair requirements and related issues need to be verified by the appropriate sources in writing. If your
57 projected use requires a zoning or other change, it is recommended that you either wait until the change is **in**
58 **effect** before committing to a property or provide for this contingency in your Purchase and Sale Agreement.
- 59 10. **UTILITY CONNECTIONS, SEPTIC SYSTEM CAPABILITY, AND RELATED SERVICES.** The
60 availability, adequacy, connection and/or condition of waste disposal (sewer, septic system, etc.), water
61 supply, electric, gas, cable, internet, telephone, or other utilities and related services to the Property need to be
62 verified by the appropriate sources in writing. You should have a professional check access and/or
63 connection to public sewer and/or public water source and/or the condition of any septic system(s) and/or
64 wells. To confirm that any septic systems are properly permitted for the actual number of bedrooms, it is
65 recommended that sellers and/or buyers request a copy of the information contained in the file for the
66 Property maintained by the appropriate governmental permitting authority. If the file for this Property cannot
67 be located or you do not understand the information contained in the file, you should seek professional advice
68 regarding this matter. For unimproved land, septic system capability can only be determined by using the
69 services of a professional soil scientist and verifying with the appropriate governmental authorities that a
70 septic system of the desired type, size, location, and cost can be permitted and installed to accommodate the
71 size home that you wish to build.
- 72 11. **FLOODING, DRAINAGE, FLOOD INSURANCE, AND RELATED ITEMS.** It is recommended that
73 you have a civil or geotechnical engineer or other independent expert determine the risks of flooding,
74 drainage or run-off problems, erosion, land shifting, unstable colluvial soil, sinkholes and landfills. The risk
75 of flooding may increase and drainage or storm run-off pathways may change. Be sure to consult with the
76 proper governmental authorities, elevation surveyors, and flood insurance professionals regarding flood and
77 elevation certificates, flood zones, and flood insurance requirements, recommendations and costs.
- 78 12. **CONDEMNATION.** It is recommended that you investigate whether there are any pending or proposed
79 condemnation proceedings or similar matters concerning any portion of the Property with the State, County
80 and city/town governments in which the Property is located. Condemnation proceedings could result in all or
81 a portion of the Property being taken by the government with compensation being paid to the landowner.
- 82 13. **SCHOOL DISTRICTS AND OTHER SCHOOL INFORMATION.** It is advised that you independently
83 confirm school zoning with the appropriate school authorities, as school districts are subject to change. Other
84 school information (rankings, curriculums, student-teacher ratios, etc.) should be confirmed by appropriate
85 sources in writing.

14. **INFORMATION ABOUT CRIMES, METHAMPHETAMINE PROPERTIES, OR SEX OFFENDERS.** You should consult with local, state and federal law enforcement agencies for information or statistics regarding criminal activity at or near the Property, the presence of methamphetamine manufacturing, or for the location of sex offenders in a given area.

15. **LEGAL AND TAX ADVICE.** You should seek the advice of an attorney and/or certified tax specialist on any legal or tax questions concerning any offers, contracts, issues relating to title or ownership of the Property, or any other matters of concern, including those itemized in this Disclaimer Notice. Real estate licensees are **not** legal or tax experts, and therefore cannot advise you in these areas.

16. **RECOMMENDED INSPECTORS, SERVICE PROVIDERS, OR VENDORS.** The furnishing of any inspector, service provider or vendor named by the real estate licensee is done only as a convenience and a courtesy, and does not in any way constitute any warranty, representation, or endorsement. Buyers and sellers have the option to select any inspectors, service providers or vendors of the buyer's or seller's choice. You are advised to contact several sources and independently investigate the competency of any inspector, contractor, or other professional expert, service provider or vendor and to determine compliance with any licensing, registration, insurance and bonding requirements in your area.

The buyers and sellers acknowledge that they have not relied upon the advice, casual comments, or verbal representations of any real estate licensee relative to any of the matters itemized above or similar matters. The buyers and sellers understand that it has been strongly recommended that they secure the services of appropriately credentialed experts and professionals of the buyer's or seller's choice for the advice and counsel about these and similar concerns.

MOLD DISCLOSURE AND WAIVER

Property Address: 7419 Baker Mountain Rd Spencer Tn

There are many types of mold. Moisture is one of the most significant factors contributing to mold growth. Information about controlling mold growth may be available from your local Health Department. Certain Strains of mold may cause infections, and/or allergic reactions, that may include skin, eye, nose and throat irritation particularly in individuals with suppressed immune systems, allergies, respiratory problems, young children and elderly persons.

To the best of the Seller's knowledge, no test have been performed and no investigation undertaken in connection with mold, fungal spores or any other microscopic organisms that may be present within the subject property. Buyer(s) and Buyer(s) Agent further acknowledge that under the terms of the Contract for Sale, Buyers(s) have had, prior to closing, full and timely opportunity to make a complete inspection of the subject property including environmental inspection or investigation of the subject property.

Seller has not made and does not make any express or implied representations or warranty of any kind with respect to the environmental condition of subject property or whether it is in compliance with any local, state, or federal environment law, code or standard. Buyer(s) agrees to release Seller from liability of damages caused by or as a consequence of mold, including but not limited to property damage, personal injury, loss of income, emotional distress, loss of value, adverse health effects or any other effects.

Buyer understands that by executing the Disclaimer and Waiver, Buyer is releasing a known right. The Parties further agree that the consideration recited herein was a bargained-for-consideration, and that any Disclaimer and Waiver recited in this Agreement is reflected in the agreed to consideration. Should any term or provision of this agreement be ruled invalid or unenforceable by a court of competent jurisdiction, the remainder of this agreement shall remain in full force and effect.

SUBSURFACE SEWAGE DISPOSAL SYSTEM PERMIT DISCLOSURE

1 Regarding: **7419 Baker Mountain Road** **Spencer** **TN 38585**
PROPERTY ADDRESS

2 The owner of this residential property discloses the following:

3 ☒ According to the subsurface sewage disposal system permit issued for this property, this property is permitted for 3
4 (number of) bedrooms. A copy of the permit was obtained from the appropriate governmental permitting authority and
5 is attached to this disclosure.

6 ☒ I/We have requested a copy of the subsurface sewage disposal system permit issued for this property from the
7 appropriate governmental permitting authority. However, I/we were informed that

8 ☒ The file could not be located.

9 OR

10 ☐ A permit was not issued for this property.

11 As a result, I/we do not have any knowledge as to the number of bedrooms for which this property has been permitted.

12 **NOTE:** There may be additional information which may be of interest and/or concern to Buyers contained in the official file
13 with the Tennessee Department of Environment and Conservation, Groundwater Protection division located in the
14 county office regulating septic systems. This file may contain information concerning maintenance that has been
15 done on the system as well as any violations imposed by the state. Buyers are encouraged to obtain this information
16 and if of concern to them, to have a soil engineer interpret the contents of the file. Real estate licensees are not soil
17 engineers and are not experts who can provide an interpretation of the contents of the official file.

18 The following parties have reviewed the information above and certify, to the best of their knowledge, that the information
19 they have provided is true and accurate and acknowledge receipt of a copy:

RF208 – Subsurface Sewage Disposal System Permit Disclosure, Page 1 of 1

Version 01/01/2017

InstantFORMS

**TENNESSEE DEPARTMENT OF ENVIRONMENT AND CONSERVATION
DIVISION OF GROUND WATER PROTECTION
PERMIT FOR CONSTRUCTION OF SUBSURFACE SEWAGE DISPOSAL SYSTEM**

Issued to: Preston Crissom
Owner, Developer, Contractor, Installer, Etc.

Location: SPC Map

Installation:

- ☒ 1. New Installation
☐ 2. Repair to Existing System

Establishment:

☒ 1. Residential: # Bedrooms 3 BR

☐ 2. Other: _____ (specify)

Gal/Day _____

Evaluation Based Upon:

- ☐ 1. Soil typing by Soil Scientist
 ☐ a. General
 ☐ b. High Intensity
 ☐ c. Extra High Intensity
☐ 2. Soil Percolation Test
☒ 3. Environmental Specialist
Estimated Absorption Rate: 30 MPI

Type of System:

- ☒ 1. Conventional
☒ 2. Low Pressure Pipe
☐ 3. Mound
☐ 4. Lagoon
☒ 5. Large Diameter Graveless Pipe
 ☐ a. Sand backfill required
☐ 6. Other

Approval based upon:

Statute No. T.C.A. 68-221-403

- ☐ (c) Percolation test
☐ (d) Grandfather clause. Current standards except those specified
☐ (f) 12" (karst) and 6" (non-karst) buffer required

- ☐ (i) 9" buffer required (24"-36" total soil depth)
☐ (k) Grandfather clause — meets June 30, 1990 standards (rep only)
☒ Other: Per Regulation

This system shall consist of a two compartment septic tank holding 1000 gal linear feet in 3 trenches, 36 inches wide and 24 inches deep. (Depth of gravel: 12 inches)

Also required:

- ☐ 1. Soil Improvement Practice (SIP)
☐ 2. Flow Diversion Valve
☐ 3. Sewage Pump
☐ 4. Other:

All installers of subsurface sewage disposal systems must hold a valid annual license from the Tennessee Department of Environment and Conservation.

The recipient of this permit agrees to construct or have constructed the above described system in accordance with T.C.A. 68-221-401 et. seq. and The Regulations To Govern Subsurface Sewage Disposal Systems. If any part of the system is covered before being inspected and approved, it shall be uncovered by the recipient of the permit at the direction of personnel of the Department of Environment and Conservation. **Any cutting, filling or alterations of the soil conditions on the aforementioned property after this day may render this approval null and void.**
