Main house

Was purchased from original owner in 2007

In 2008-09, old existing shop was redone. New siding, concrete pad, electricity, including 220, and water were added.

In 2010, a concrete footing along the east side of the house was poured to replace the wood siding there, which came down into the dirt.

The house was painted in 2011

The old existing machine shed was blown down in a wind storm. It was replaced with the existing 3-sided hay/machinery shed below the hill on the south side.

Miscellaneous improvements in house: painting, new flooring in bedroom, office and hall to kitchen, Storage cabinets installed in mud room. Entire kitchen, including cabinets, was painted in 2014/15.

A water purification and softer was installed in the well house and an additional purifier was installed under the sink in the house. These systems are checked yearly by Nations Pure, the company that installed them.

Within the last year: A new automatic gate opener was installed. It is a commercial unit with a 3-year warranty. A new pressure pump serving the community water system was installed at the well house and one of the H&AC units was replaced.

Guest House

The entire guest house was remodeled in 2013/14, a water purification system was installed to service the well at the guest house. This well serves the guest house and it's sprinkler system and also the barn and shop. A new pump was installed in this well within the last 5 years. I recently had the pump and pressure tank checked to insure that all was working correctly.
