### Section 3 explanation

We purchased the property at 13726 FM 359 Road in November 2000. During the time from November 2000 until April 17/18 2016, for 15½ years we had no problems with high water or flooding on our property. Water never got close to our home or the barns.

On the night of April 17/18 2016 the Monaville area received 23 inches of rain in 8 hours and our home flooded. This was known as the "Tax Day Flood". Within 4 hours of the rain stopping, the water had receded from our home and property. Repairs were made to our home by our original builder.

On August 27/28 2017, Hurricane Harvey brought 35 inches of rain to the Monaville area over two days and our home flooded again. Once again repairs were made to our home by our original builder.

When we bought this property in 2000, our property was not in the 100 year flood plain. After the Tax Day Flood in 2016, the flood plain map was redrawn and our property was put in the 100 year flood plain.
