The view is simply breathtaking. There are very few ranches in Texas that embody the Hill Country like Riven Rock. The ranch offers resort style living with unmatched privacy and exclusivity in this area.

The buildings all feel right at home at this property — and they should — many have been here longer than us. There's a farmhouse from the 1890s, perfectly and elegantly restored. A picturesque barn, ready for horses. The period details of the master house are absolutely breathtaking in their craftsmanship. Vineyards, maturing olive trees, and native Texas plants wind around the property, providing a natural backdrop to the outdoor patios and living spaces. Newer cottages and pavilions were added with careful attention to comfort and quality — all with a Hill Country feel.

DEDICATED. PASSIONATE. DRIVEN.
