Comments

This wonderful showplace on Lobutch Creek is located less than three short miles east of Carthage and only sixteen miles west of the casinos and Philadelphia. Approximately 10 acres of the property features mid-age pine plantation that is ready to thin with the balance of acreage in a wonderland of mature bottomland hardwood. Majestic oaks shower the property with acorns during their season. The timber value is excellent from an investment point of view. With over one mile of frontage on the white sands of Lobutch Creek this property, with an ample mixture of Bald Cypress, is simply striking. Deer, turkey, ducks and other small game abound on and are presently hunted on the property. A good road and trail system lead to food plots, swimming holes and duck slews not to mention the recreation of 4-wheeler or horseback riding. The property features several great cabin or home sites with public water and electric close by. This showplace wont last long so hurry up and come see this pristine property.
