

SUBJECT
190.35 Acres

This is an aerial photograph of a rural area. A large, irregularly shaped parcel of land is outlined with a thick red border. The parcel is mostly covered in dense, dark green forest. In the center-right of the parcel, there is a small, irregularly shaped pond or lake. The surrounding area outside the red border consists of a mix of forested land and cleared fields. Several roads are visible: a white line labeled 'Lane-Rd' runs horizontally across the lower-left; a yellow line labeled 'Clay-Rd' runs diagonally from the bottom right towards the center; and a white line labeled 'Kinard-Creek-Rd' runs vertically on the right side. A small white box with the number '143' is located near the intersection of Clay-Rd and Lane-Rd.
