

The screenshot displays a mobile application interface for a GIS system. The main view is a satellite map of a rural landscape. A road, labeled "STATE RD 10 EXTENSION", runs diagonally across the map. A yellow line, likely representing a property boundary or survey line, is visible. The interface includes a top navigation bar with various icons, a bottom toolbar with zoom and map controls, and a sidebar with a list of locations. The text "Clinton County GIS" is visible in the top left corner.
