Oskaloosa, KS 66066

The U.S. Food and Drug Administration (FDA), or a state agency contracted by FDA, conducted an inspection at your location ending on July 28, 2016. Effective April 1, 1997, when the Agency determines an inspection is closed under 21 C.F.R. 20.64 (d)(3), FDA releases a copy of the inspection report to the inspected firm. Please note that FDA will not provide a copy of a state inspection report or summary through this process if the firm was provided a copy at the close of the state's inspection.

Unless provided at the close of the inspection, you will find a copy of the inspection report or summary attached. FDA may have redacted some information in accordance with the Freedom of Information Act (FOIA) and Title 21, Code of Federal Regulations, Part 20. Firms may request a copy of their FDA inspections completed prior to April 1, 1997 through FOIA.

FDA is working to make its regulatory process and activities more transparent to the regulated industry. Part of this effort is releasing a copy of your inspection report or summary to you, or acknowledging that the state provided you a copy at the close of their inspection.

Please contact Miguel Hernandez, Director of Compliance Branch at (913) 495-5101 should you have any comments or questions.

Sincerely,

A red digital signature, appearing as a stylized 'Y' or 'M' shape, is placed over the signature line.
