| Stand Nomenclature              |                            |
|---------------------------------|----------------------------|
| Stand #<br>Description<br>Acres |                            |
| Stand Origin                    | (N) (B) (MH) / (MP) - (74) |
| Land Type                       |                            |
| Dominant Species                |                            |
| Secondary Species               |                            |
| Year of Origin                  |                            |

**Note:**

1. Road polygons are not annotated
2. Stand type acres report restricted to compartment area of interest
3. Road data is not digitized & has been provided via ESRI data & maps 9.3.1 datasets.

| Stand Types |                               |
|-------------|-------------------------------|
|             | Gate                          |
|             | Thinned (59.52 ac.)           |
|             | Cutover                       |
|             | Natural Bottomland (72.78 ac) |
|             | Natural Irrigated             |
|             | Natural Lowland               |
|             | Natural Slope                 |
|             | Natural Upland                |
|             | Non Forested                  |
|             | Non Timbered (5.95 ac)        |
|             | Planted Lowland               |
|             | Planted Slope                 |
|             | Planted Upland (270.85 ac)    |
