Site Plan

The issuance of this permit by the Health Dept. in no way guarantees the issuance of other permits. The permit holder is responsible for checking with appropriate governing bodies in meeting their requirements. This permit is subject to revocation if the site plan, plat, or the intended use changes, or site alterations occur. The Improvement Permit shall not be affected by a change in ownership of the site. This permit is subject to compliance with the provisions of the Laws and Rules for Sewage Treatment and Disposal and to conditions of this permit.

Additional for all systems: Landscape system area for surface water runoff and grass. Do not place drive or any building over the system area or repair area. Observe all proper setbacks (15A NCAC 18A .1950). Do not work soil or install system in wet conditions. This permit must be on site during installation and inspection.
