The pursuit for the ideal mountain home is found in this log home complete with a metal roof, wrap around deck and majestic views of the Collegiate Peaks. Fully appreciate mountain living in this open concept floor plan designed to optimize the views and natural sunlight. The spacious living room welcomes you with rich wood tones, vaulted ceiling and wood burning stove creating a delightful living space. Efficient and lovely kitchen offers flexibility whether entertaining, utilizing the large island for preparing the garden harvest or enjoying the morning sunrise. Beetle kill pine cabinets, granite countertops as well as valuable storage options are just a few of the highlights enjoyed in this kitchen. Terrific bedroom options with two master suites, one on the lower level ideal for guests plus a spacious loft suite with captivating views and reading nook! The extended outdoor living options provide space to enjoy the crisp mountain scenery from the protected garden patio or the alluring covered decks - ideal after a long day enjoying the nearby hiking and biking trails. Fenced garden with raised beds and the enchanting finished shed w/ 12 solar panels just steps away promote enjoyable hours for hobbies and leisure activities.
