(5) In addition to the foregoing, there is hereby created a utility easement twenty feet (20') wide immediately inside and adjacent to all roadway easements and along all other boundary lines of parcels within said BELL SPRINGS RANCHES, expressly excluding a boundary line or portion thereof which runs along a creek or other waterway within said property unless it becomes necessary to cross said creek or waterway to

related covenants shall be deemed to have been fully complied with.

(2) Notwithstanding the foregoing, from and after the date the initial Board of Directors is elected by the Property Owners' Association, such Board shall thereafter constitute the Architectural Control Committee.

(3) All dwellings, exclusive of open porches, garages, carports, and patios shall be of at least 900 square feet.

It is the intent of the undersigned that all dwellings and other structures have a neat and attractive appearance. It is also contemplated that dwellings be of traditional country mode and not modern looking facilities which would look out of place in rural surroundings. No metal walls or walls of temporary sheeting will be allowed. The entire exterior walls of all dwelling units or other buildings hereafter constructed must be completed within one year after the commencement of work thereon or the placing of materials therefor on said property, whichever occurs the earliest, and in connection therewith it is understood that by the use of the word "completed", is also meant the finishing of all such exterior walls.

(4) No outside toilets, privies or cesspools will be permitted, and no installation of any type of sewage disposal device shall be allowed which would result in raw or untreated or unsanitary sewage being carried into any water body; all septic tanks must conform to the regulations of and be certified by the State Health Department, Hays or Blanco County Health Department and the Lower Colorado River Authority. Inspection and certification by each of the foregoing named regulatory governmental entities shall be required only if an individual regulatory body requires separate inspection and certification; otherwise, a certification made by an appropriate regulatory body which is accepted by another regulatory body shall be deemed a certification by that other regulatory body for compliance purposes hereunder.

E. MISCELLANEOUS

(1) If through error or oversight or mistake an owner of a parcel of land builds, or causes to be built, any structure thereon which does not conform to all the limitations and restrictions herein recited, it is expressly here provided that such non-conformity shall in no way affect these limitations or restrictions insofar as they apply to any and all other parcels of said land. Any delinquency or delay on the part of the party or parties having the right to enforce these restrictions shall not operate as a waiver of such violation and such delinquency or delay shall not confer any implied right on any other owner or owners of parcels in said land to change, alter or violate any of the restrictions and limitations herein contained.

(2) Declarant and the Board of Directors of the Property Owners' Association hereby retains the right, in the furtherance of the uniform plan for the development of such property as a residential neighborhood, to execute amendments to, including granting variances from and on, the aforesaid restrictive covenants and use limitations on such property provided they, in the exercise of their best judgment and discretion, are of the opinion that any such amendments or variances would be in the furtherance of the uniform plan for the development of such property. The undersigned shall also perform all of the other duties and obligations imposed upon them under the provisions hereof.

(3) The restrictive covenants and use limitations herein provided for on such land are hereby declared to be covenants running with the land and shall be fully binding upon all persons acquiring title to any such parcels, including the right to acquire title to any such parcels by contract or otherwise, of said land whether by descent, devise, purchase or otherwise, and any person by the acceptance to title to any parcel of said land, including any person procuring the right by contract to acquire title to any parcel of said land, shall

(1) IF THROUGH ERROR OR OMISSION OF RECORD OR CHANGE OF

RECORDS

thereby agree and covenant to abide by and fully perform the foregoing restrictive covenants and use limitations thereon, and shall be conclusively presumed to have constructive notice of the restrictive covenants and use limitations herein provided for on such land by virtue of the filing hereof in the Deed Records of Hays County, Texas, and with this being true without regard to whether or not such person has actual notice of these restrictive covenants and use limitations on such land by reference hereto in the instrument or instruments under which he acquired title to, or the right to acquire title to, any parcel of land.

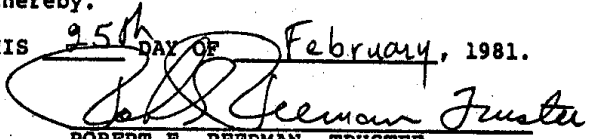

(4) The restrictive covenants and use limitations herein published and impressed on all parcels of said lands shall be binding on all of the owners of parcels or portions of said land for a period of thirty (30) years from and after date hereof, and from and after such date shall automatically be extended for an additional term of thirty (30) years unless by a vote of three-fourths (3/4) of the record owners of such land calculated on an acreage basis, with each husband and wife being considered as one owner, taken prior to expiration of said thirty (30) years and filed for record in the Deed Records of Hays County, Texas, it is agreed that these restrictive covenants and use limitations shall terminate as to said land.

(5) It is expressly understood that the undersigned, its successors, legal representatives or assigns, or any one or more of the owners of parcels of said land, shall have the right to enforce the restrictive covenants and use limitations herein provided for on such land by injunction, either prohibitory or mandatory or both in order to prevent a breach thereof or to enforce the observance thereof, which remedy however shall not be exclusive and the undersigned, its successors, legal representatives and assigns, or any other person or persons, owning parcels of said land, injured by virtue of any breach of the restrictive covenants and use limitations herein provided for on such land shall accordingly

Vol. 354 p. 622

have their remedy for the damages suffered by any breach, and in connection therewith it is controllingly understood that in the event of a breach of these restrictive covenants and use limitations by the owner of any parcel of said land it will be conclusively presumed that the owners of other parcels of said land have been injured thereby.
