NBFD arrived 1730 & departed at 1736

NBEMS arrived at 1729 & departed at 1732

It was determined this was due to young tenant had shoved his box springs mattress against the wall that had the 220 plug for the AC/heat window unit on it. After time and continued hanging on the AC/heat unit plug it caused one of the prongs to slowly start to break off causing a short. The ^{one} male prong was still in the female plug. CHC Electric was called & they stated nothing was wrong with the wiring or the wall outlet. Due to a small fire the plug was replaced and so was the AC/heat unit. Tenant was warned about not shoving furniture against any electrical outlets.

NBFD - shut breaker off, unplugged unit, and used the TIC-4 to look for damage/heat in wall -- NONE FOUND

EMS -- Tenant signed refusal for EMS
