FLORENCE SC 29506

REC'D JUL 23 2008

RE: BUNKER HILL LAKE, Florence County
File number: 21-08-03-05

Dear Rodney Cameron:

The Department of Health and Environmental Control (Department or DHEC) has approved the Stormwater Pollution Prevention Plan (SWPPP) for the referenced project on July 21, 2008. Based on your submission of the Notice of Intent (NOI) and in accordance with the NPDES General Permit for Storm Water Discharges from Large and Small Construction Activities SCR100000 (2006 CGP), this project has been granted coverage under the 2006 CGP. This project's general permit coverage number is **SCR10I545**. The total disturbed area for this site is **92.2 acres**. This NPDES coverage expires on **07/21/2013**, 5 years from the date of issuance.

Monthly reports must be submitted to the Department for the above-referenced site. Please refer to SCR100000, mainly Section 3.10, for information about requirements for inspections and monthly reporting. Your first monthly report is due on or before September 28, 2008.

Because this project disturbs 10 or more acres, a pre-construction meeting must be held onsite with all co-permittees and contractors who are not co-permittees (contractors) prior to that co-permittee or contractor performing construction related work intended to disturb soils at the above-referenced site. Please refer to SCR100000, mainly Section 3.2, for information about requirements for pre-construction meetings and certification of those meetings.

The inspections for this site must be performed by qualified personnel who meets the requirements list in Section 3.10.D of the 2006 CGP. Qualified personnel must be one of the following:

1. SWPPP preparer
2. Person under direct supervision of SWPPP preparer
3. Person who has been certified through a Construction Site Inspector Certification Course that has been approved by DHEC (see our website for a list of approved courses)
4. Person with registration equivalent of SWPPP preparer
5. Person under direct supervision of person with registration equivalent to SWPPP preparer

This NPDES coverage and approved site plans are not valid for creating any new impervious area. This coverage is valid for site preparation only, such as clearing, grubbing, and grading (if shown on approved plans). A new application package must be submitted and approved for any impervious surfaces.

"Because this project impacts waters of the U.S./ State, make sure you obtain all necessary permits and certifications from USACOE and SC DHEC 401 Water Quality Certification, Standards, & Wetlands Section before land-disturbing activities begin in those areas.

The 2006 CGP can be downloaded at the following website:
<http://www.scdhec.gov/environment/water/docs/finalcgp.pdf> or you may request a copy from us via email (stormwatercgp@dhec.sc.gov). You are responsible for ensuring your contractor(s) complies with the approved SWPPP and the minimum requirements of the 2006 CGP. Also, you are responsible for overall compliance with the Storm Water Management and Sediment Reduction Act of 1991 (1991 Act) and the Federal Clean Water Act (CWA).

You must notify this DHEC EQC Regional Office prior to starting any land-disturbing activity. The address and telephone number of the EQC office are as follows:

Florence EQC Office
145 E CHEVES ST
FLORENCE SC 29506
843-661-4825

You should be aware that this approval is only applicable for the SWPPP that was submitted for this project. Any additional construction or land disturbing activity beyond the scope of the approved plans is not authorized. Any future work for this project not shown on the stamped, approved plans will require that you submit another site plan for review and approval. All major modifications require review and approval by the Department. Minor modifications to the approved SWPPP may be made by the SWPPP preparer and do not require review and approval by the Department; these changes should be signed and dated by the SWPPP preparer. If you have a question about whether a modification is major or minor, contact the Stormwater Permitting Section at (803) 898-4300.

Three (3) sets of stamped, approved plans are being provided to your engineer. A copy of the stamped, approved SWPPP (including a copy the 2006 CGP and signed co-permittee and contractor certifications), NOI, and CGP coverage letter from DHEC must be retained at the construction site (or accessible within 30 minutes during normal business hours) from the date of commencement of construction activities to the date of final stabilization. A copy of the stamped, approved SWPPP must be available at a central location on-site for the use of all those identified as having responsibilities under the SWPPP whenever they are on the construction site. If an on-site location is unavailable to store the SWPPP when no personnel are present, notice of the plan's location must be posted near the main entrance at the construction site.

All contractors who will conduct land-disturbing activities at the site must sign a certification statement as a co-permittee or as a contractor who is not a co-permittee. You are responsible for any contractor who is not a permittee. You are also responsible for listing all contractors in the SWPPP and for holding a pre-construction conference with each co-

permittee and contractor who is not a co-permittee before they can conduct land-disturbing activity at the site.

The Department may conduct periodic inspections of your site. Any violations found during these inspections may result in enforcement action. Failure to comply with the approved SWPPP or the minimum requirements of the 2006 CGP, 1991 Act, or CWA may subject you to applicable penalties.

This NPDES coverage should be terminated by the permittee when one of the conditions listed in Section 5.1 of the 2006 CGP has been met. You must submit a Notice of Termination (NOT) to cancel your NPDES coverage under the 2006 CGP. Please see section 5.1 of the 2006 CGP for more information about termination of coverage.

You are responsible for obtaining any other federal, state, or local permit that may be required for this project. Please note we have not sent a copy of this letter to any county or city building official. You must send a copy of this letter to these agencies, if necessary.

Please see the enclosed "Notice of Appeal Procedure" document for information about the procedures for appealing this NPDES coverage. Also, see the enclosed document from the S.C. DHEC Compliance Assurance Division detailing some of the compliance requirements of the 2006 CGP.

If you have any questions or cannot access the referenced websites, please call me at 803-898-4212.

Sincerely,

John A Poole

Notice of Appeal Procedure

The following procedures are in effect beginning July 1, 2006, pursuant to 2006 Act No. 387:

1. This decision of the S.C. Department of Health and Environmental Control (Department) becomes the final agency decision 15 days after notice of the decision has been mailed to the applicant or respondent, unless a written request for final review is filed with the Department by the applicant, permittee, licensee, or affected person.
2. An applicant, permittee, licensee, or affected person who wishes to appeal this decision must file a written request for final review with the Clerk of the Board at the following address or by facsimile at 803-898-3393.

Clerk of the Board
SC DHEC
2600 Bull Street
Columbia, SC 29201
3. The request for final review should include the following:
 - a. the grounds on which the Department's decision is challenged and the specific changes sought in the decision
 - b. a statement of any significant issues or factors the Board should consider in deciding how to handle the matter
 - c. a copy of the Department's decision or action under review
4. In order to be timely, a request for final review must be received by the Clerk of the Board within 15 days after notice of the decision has been mailed to the applicant or respondent. If the 15th day occurs on a weekend or State holiday, the request is due to be received by the Clerk of the Board on the next working day. The request for final review must be received by the Clerk of the Board by 5:00 p.m. on the date it is due.
5. If a timely request for final review is filed with the Clerk of the Board, the Clerk will provide additional information regarding procedures.
6. The Board of Health and Environmental Control has 60 days from the date of receipt of a request for final review to conduct a final review conference. The conference may be conducted by the Board, its designee, or a committee of three members of the Board appointed by the chair.
7. If a final review conference is not conducted within 60 days, the Department decision becomes the final agency decision, and a party may request a contested case hearing before the Administrative Law Court within 30 days after the deadline for the final review conference.

The above information is provided as a courtesy; parties are responsible for complying with all applicable legal requirements.
