Declarant is exempted from paying any assessments for any lot or lots it retains until sold.

3. Any unpaid assessments shall constitute a lien upon the owner's lot. Said lien is expressly inferior and subordinate to any mortgage lien presently existing or hereinafter placed upon any of the subject real estate. If any assessments remain unpaid for a

period of sixty (60) days after the date when the same is due, the Homeowner's Association may place a notice of such delinquency upon the public land records in the Office of the Clerk of the County Commission of Hampshire County, additionally, The association may bring an action at law against the owner to collect said delinquent assessments. Any and all fees, costs, attorney fees or other similar expenses incurred by the Association in the collection of any delinquent assessments or the preservation of the lien of said assessments shall be fully recoverable from the owner. One outbuilding of a size of not more than 10' by 12' is permitted provided that in construction it must conform generally in appearance and material with any dwelling on the premises, or within the subdivision. Exterior construction of the dwellings or outbuildings must be completed within TWELVE (12) MONTHS AFTER CONSTRUCTION BEGINS. All materials used for the exterior wall shall be of good quality material, such as brick, stone, aluminum, masonite, cedar, redwood, vinyl, or other quality wood siding. This section does not prohibit the consolidating or merging of one or more lots within the subdivision for the construction of one residence so long as the

merged lot complies with the covenants and restrictions of this subdivision, and provided further that maintenance fees shall still be assessed against the lots so merged, separately. In other words, should a person wish to purchase two lots and build in the middle of both, the interior set back lines would be removed and same would be treated as one lot for restrictive covenant and use restrictions, but the lot owner would continue to owe two maintenance fees, as it is anticipated that maintenance fees from all lot owners will be needed to properly maintain the common areas.

5. All lots shall be maintained in a neat appearance at all times, whether or not improvements are constructed thereon. No refuse or trash shall be allowed to accumulate upon any lot and no junked cars, abandoned vehicles or other vehicles without a current license or inspection sticker may be left on the lot.

Rt. 15, 20' from Whitacre Street, and 5' from all other lot lines. See plat for other setback requirements.

Consequently, all vehicles shall be properly registered, licensed, and inspected. Unlicensed motorcycles are expressly prohibited on said roads and streets. Further, all town ordinances for all vehicles, including ATVs and motorcycles shall be complied with at all times.

11. A building permit is required prior to commencing construction and all other Town of Capon Bridge regulations concerning Construction or maintenance of improvements shall be complied with.

12. No toxic or hazardous materials shall be manufactured, produced or stored on any of the lots, and no noxious or offensive activity shall be allowed which will constitute a nuisance in the opinion of a quorum of the Declarant members.

13. Each lot owner shall be responsible for removal of household refuse and trash by a commercial collection service. No trash or other waste shall be permitted to accumulate on any lot. The Homeowner's Association shall be expressly entitled to provide for the removal of any accumulated trash, refuse, or offensive material from any lot and the costs of said removal shall become a lien upon the affected property. After due notice of such action and expenditure by the Association to the owner, which notice shall be

in writing, the Association may record a notice of such lien among the county land records. Such expenditures, together with any and all other fees, cost, expenses or attorney fees in regard to the collection thereof, shall be collectable or recoverable from the owner.

14. Additionally, the Homeowner's Association, acting upon the two-thirds (2/3) vote of its Board of Directors, and after fifteen (15) days written notice to the owner of any lot, may through its agents or employees enter upon any lot and perform any necessary maintenance or repairs, including the mowing and removal of grass or removing of any other offending material. Such action shall not constitute a trespass so long as appropriate notice has been given in writing by mailing to the last known address of the owner and the costs of any such action by the Association shall become a part of the assessment and constitute a lien and be subject to collection and recovery as mentioned above.

15. There is hereby dedicated and reserved unto the Declarant and any and all public utility companies the right to construct, install, erect, maintain, operate, repair, replace, or remove any and all necessary facilities for the furnishing of public utility service, such as telephone, electric, sewer, water, or other similar utility within an easement or right-of-way, inside the setback lines for each of the lots and the easement for Village Drive as set forth and designated on the plat of the subdivision and Note L on the plat, which is by reference incorporated herein.

In addition, each lot owner must install at their expense and maintain a sewer service line from the tap to their home and also a water service line and a pressure reducing valve, if needed, from the existing service tap at the main water line to their dwelling.

18. All houses built in said subdivision shall be built facing Village Drive as set forth in Note K on the plat of Riverside Village, which is by reference incorporated herein. See setbacks as set forth above.

19. Lot 15 shall be taken subject to a 20' wide easement along its southeastern boundary line as shown on the plat of the subdivision for purposes of ingress and egress and utilities, etc., for all lot owners for access to the commons areas.

20. As set forth in Note J on the plat of the subdivision, there will be a tree line installed by Declarant on Lots 1 through 7 providing a barrier with WV Sec. Rt. 15. This shall be a permanent tree line and shall be maintained by the Homeowners Association. This includes an easement for the benefit of the Homeowners Association and the Declarant for the purpose of entering in and upon said lots and planting and repairing, etc., the trees. The type of trees to be used shall be decided upon by the Declarant and subsequently the Homeowners Association.

23. No renting or leasing of any lots for vacation or

recreational purposes is permitted. This does not prevent or prohibit the renting of a single family residence for long-term residential purposes.

26. Tools, equipment, mowers, tractors and other items for maintenance of the lot must be stored inside a storage facility, as defined herein.

27. Declarant hereby dedicates as common elements which shall be used and maintained by the association, all subdivision roads as shown and designated upon subdivision plat/plats, and the right to use same for purposes of ingress and egress to the public highway shall be appurtenant to and run with the title to every tract in said subdivision.

28. Upon the sale or conveyance of 2/3 of the lots contained in said subdivision, a lot owners association shall be formed by the Declarant, and that association shall be responsible for the maintenance of any common areas or rights of way contained in said subdivision. Each lot owner shall be deemed a member of the lot owners association upon recordation of the deed for that lot.

29. The assessments levied by the Association shall be used exclusively for the purpose of improvement and maintenance within the subdivision. Such levies may be expended specifically to include, but are not limited to, the payment of insurance and expenses for any common elements, and repair, replacement and additions thereto, and for the cost of labor, equipment, materials, management and supervision thereof, and such other purposes as may be set forth in the Articles of Incorporation and the By-Laws of the association.
