IMPROVEMENTS

There is a one bed/one bath tiny home along with one bed/one bath apartment connected to the barn. Both of the living quarters are in great condition. The enclosed and insulated portion of the Barn is 4,000± square feet which includes the apartment. There are two roll top garage doors on either side of the barn and there is a covered corral for horses or other livestock attached to the barn as well. There is a great level building site for a home of your liking with spectacular long distance views with easy access to the entrance, water and electricity.

WATER

The highlight of the property is both sides of almost .25± mile of Hairston Creek. The creek has several natural pools that hold fish and other areas that are more shallow and have rapids type features. There are two other creek drainages that traverse the property with one of them holding water in certain areas the majority of the time. There is one water well that services the improvements along with a rain catchment system that collects water off the barn roof.

VEGETATION/TERRAIN
