This serves to notify all persons that the on-site sewage facility application, related technical data and appropriate fee(s) have been submitted by the above and has satisfied the design requirements of the Bexar County Regulations for On-Site Sewage Facilities and 30 TAC Chapter 285. Approval is hereby granted for the construction as shown on the submitted plans. Any modifications to the design, structure, system components or changes of ownership may require a design revision and invalidate this approval. The owner must notify this office of any aforementioned changes.

You or your installer must contact Bexar County Environmental Services to arrange the required inspection(s) prior to completion. This is not a license to operate the on-site sewage facility. License to operate the facility will be granted following a successful installation and inspection(s) of the system, indicating compliance with the regulations.

Approval of this authorization to construct will expire in one (1) year of the date received and is subject to the following restrictions:
