Broker Comments

This property has been operated as a recreational cattle ranch. The grass meadows offer excellent grazing for a small cattle operation. The tree cover and wet weather creek provides good habitat for the whitetail deer and other wildlife that are native to this area. There are several large hardwood trees that would make great stands for bow hunting.

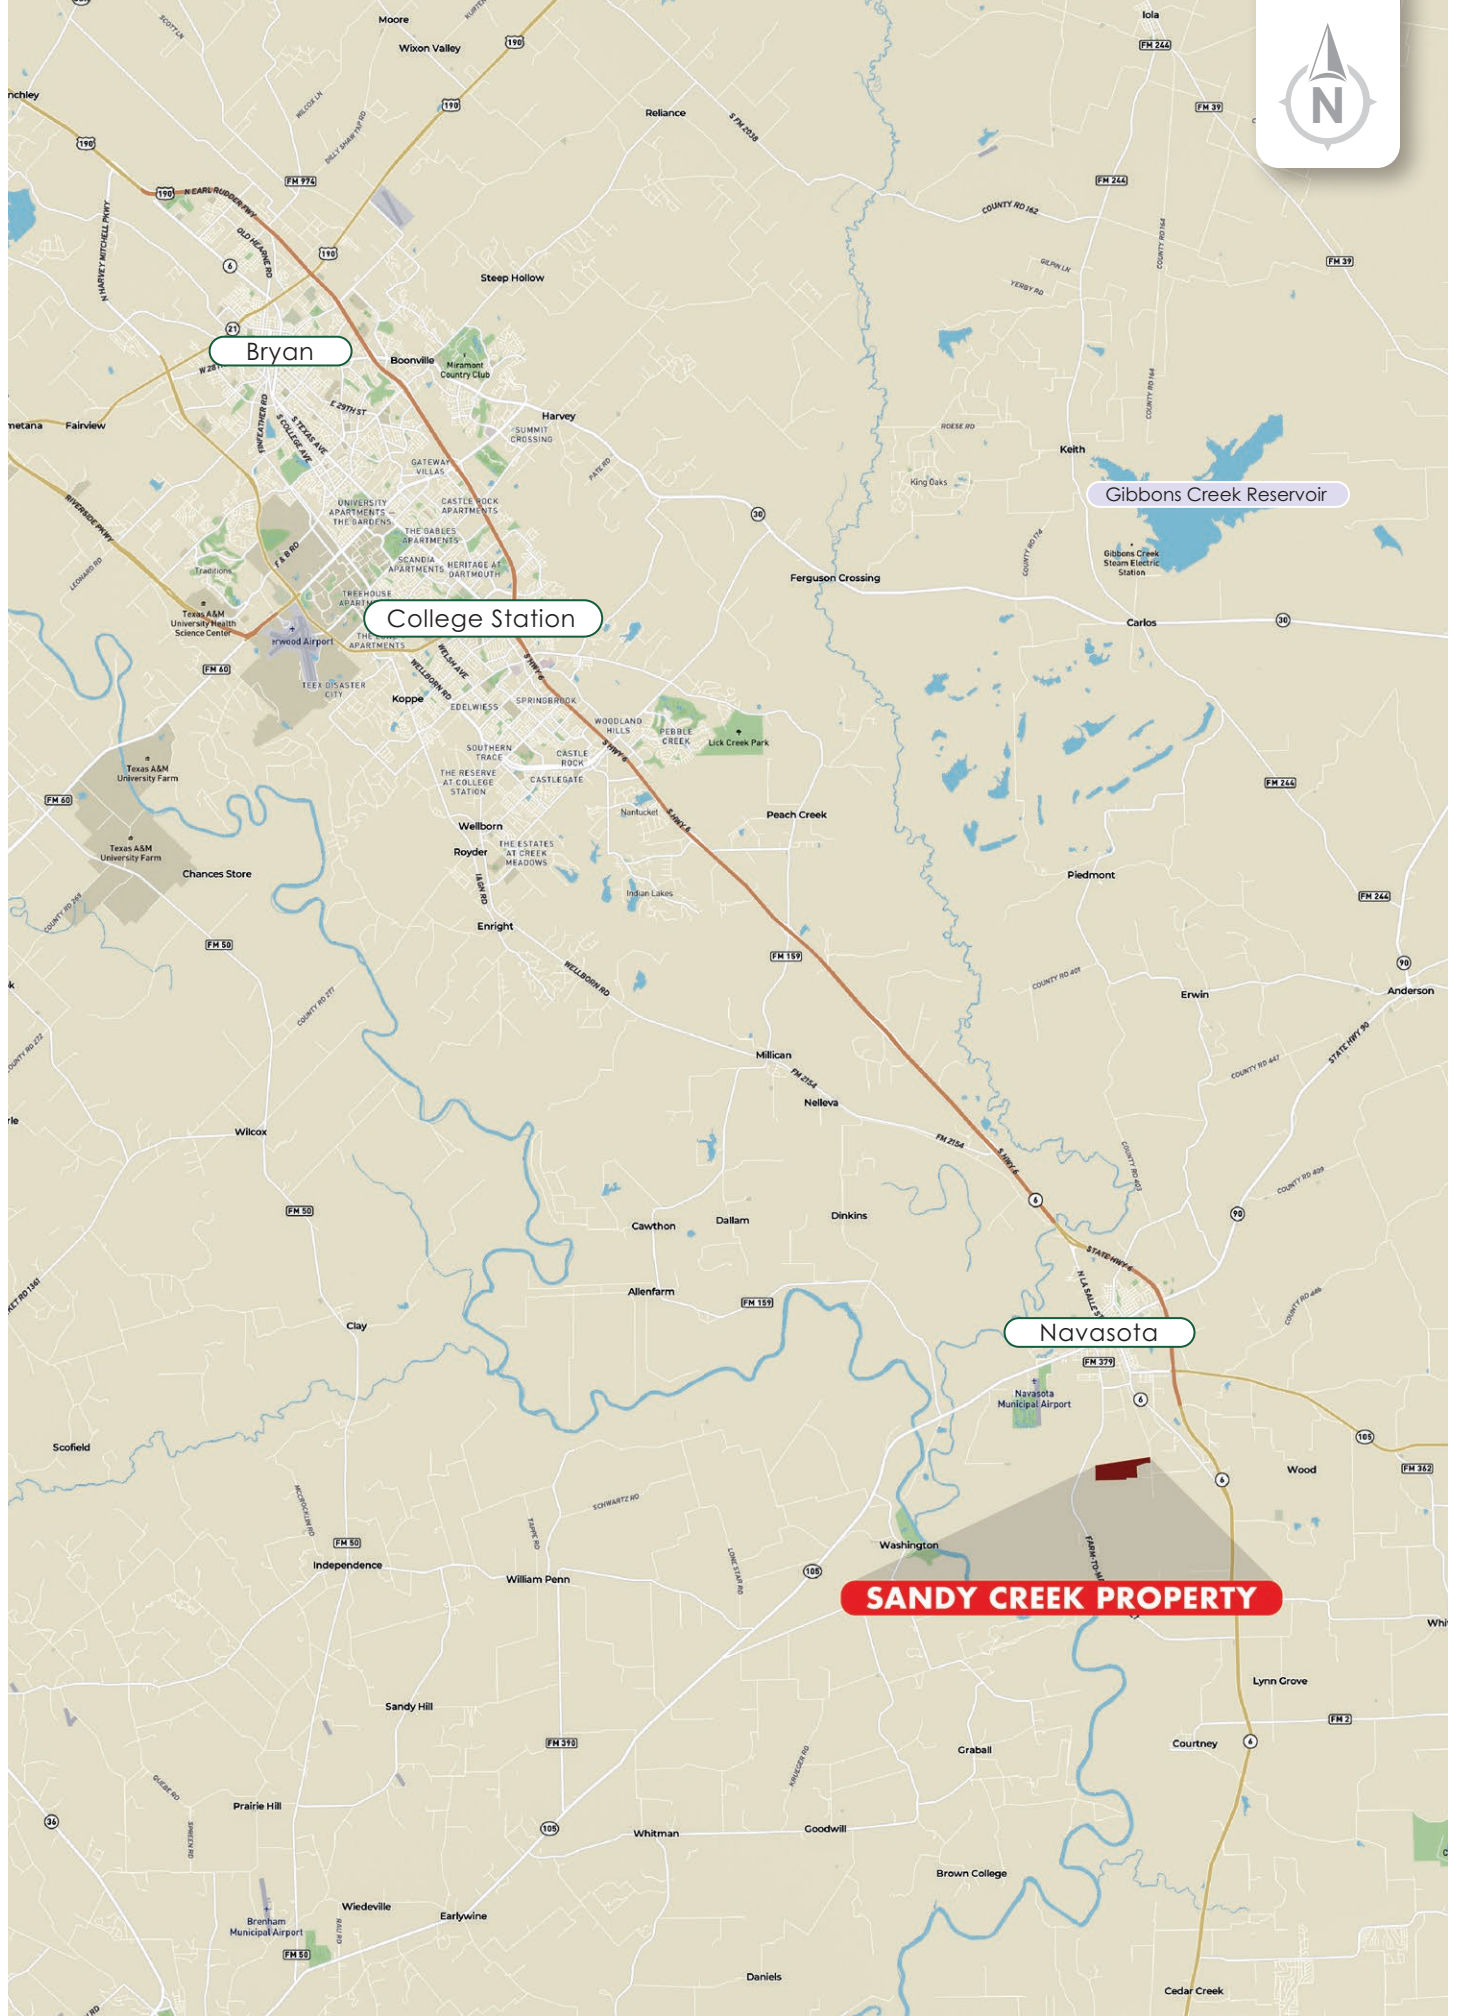

There is a large industrial steel operation nearby with access to rail. This large-scale operation has been in the area for over 30 years it appears that this tract could be utilized as an industrial site for a large-scale business operation.

This property is reasonably priced at \$6,000/acre or \$994,320.
