STATUS OF SYSTEM:

Based on the compliance inspection conducted on 9/28/22 the SSTS is, In Compliance,
therefore, this document is a Certificate of Compliance.

CERTIFICATION:

I hereby certify as a State of Minnesota Licensed Inspector, Designer 1, or qualified employee that my observations recorded on this form are accurate as the inspection date of the individual sewage treatment system for the site stated above. This certificate is valid for 5 years from the date of issuance unless the L.U.G. finds evidence of imminent threat to public health or safety. No determination of future hydraulic performance can be made due to unknown conditions during system construction, future water usage over the life of the system, abuse of the system, and/or inadequate maintenance all of which will adversely affect the life of the system.

Electrical components and systems must be compliant with applicable rules and regulations of the State of Minnesota, as detailed in Minnesota Rule Section 7080.0700. It is the owner's responsibility to insure that any electrical work is compliant with the law and inspected as required under state law. This certificate of compliance does not extend to any electrical components and work and the County has undertaken no inspection of any electrical system or components thereof.
