Per statute BUYER's rescission must be based on a specific objection to a disclosure in the disclosure statement. The notice of statutory rescission must specifically identify the disclosure objected to by the BUYER. If no signed notice of rescission is received by the SELLER within the three (3) business day period, BUYER's statutory right to rescind is waived. The statutory rescission referenced in this section is separate and distinct from, and does not affect, any rescission, cancellation, or contingency term enumerated in any other written document related to this transaction, including but not limited to the purchase and sale agreement.
