PROPERTY DETAILS

OFFERED AT \$4,100,000

Stretching through most of the ranch, the West Big Creek provides over 2 miles of beautiful tree line cover made up of large cottonwood, elm, locust, and black walnut trees. The thick cover for the whitetail deer, Rio Grande turkey, upland birds, and various other wildlife that call this ranch home provides full seclusion from outside pressure. As you travel through the property you will notice there is an abundance of ponds spread across the ranch with seasonal springs in the spring and fall. A large watershed providing incredible waterfowl hunting, when filled, sits in the center of this recreational paradise. Located in the middle of the central flyway, this region is a hotspot for birds traveling between the Kirwin & Harlan reservoirs, frequenting the property every fall. The Lutz Ranch provides an abundance of water, food, and cover needed to grow mature Kansas giants and keep wildlife on the ranch year round. With the exceptional hunting, the ranch contains over 356+/- tillable acres, with base acres of wheat, grain sorghum, and soybeans. Composed of productive Holdrege and Uly silt loam soils and an average yearly rainfall of 25 inches, this region has the potential to raise great crops every year. The ranch is separated into several pastures allowing for easy rotational grazing with several ponds located in each pasture. There is one well on the property that provides water to a stock tank near the house on the ranch ensuring water for your cattle throughout the year. The grass quality on his ranch is exceptional, with lush native grasses common in Northcentral Kansas. This property has not been overgrazed. Don't miss out on this great opportunity to own a once in a lifetime property in Phillips County!
