On Sept 1, 2023 the roof at the following location was inspected by Michael J. Lee.

2690 Pine Rd Poolville, TX 76487

Upon inspection of this roof, I only found a single hail hit. Thus it is of my professional opinion as a roofing contractor and as a former insurance agent that this roof is in good shape and is insurable.

If you have further questions, please feel free to reach out. I'll be glad to help all I can.
