D. FIXTURES CHECKLIST Directions on HOW TO USE: It is often unclear what constitutes a fixture which remains with the Property versus personal property which does not remain with the Property. To avoid disputes, Seller shall have the right to remove all items on the checklist below that are left blank. THE ITEMS ON THE CHECKLIST BELOW THAT ARE CHECKED OR MARKED SHALL REMAIN WITH THE PROPERTY. All items remaining with Property shall include remotes and/or all accessories necessary for use. Unless otherwise indicated, if an item is left blank, the Seller may remove all of that item from the Property. For example, if "Refrigerator" is left blank, Seller may remove all Refrigerators on the Property. This checklist is intended to supersede the common law of fixtures with regard to the items below. The common law of fixtures shall apply to all items not on this checklist. Seller shall remove all items left blank below prior to closing or the transfer of possession, whichever is later. Seller shall lose the right to remove those items not timely removed but shall remain liable for the cost of Buyer having to dispose of such items provided that Buyer disposes of them within 30 days after Closing. In removing items, Seller shall use reasonable care to prevent and repair damage to the area where the item was removed. Items identified as remaining with the Property shall mean those specific items as they existed in the Property as of the Offer Date. No such item shall be removed from the Property unless it is broken or destroyed. In the event such item is removed, it shall be replaced with a substantially identical item, if reasonably available. If not reasonably available, it shall be replaced with a substantially similar item of equal quality and value, or better. The same or newer model of the item being replaced in the same color and size and with the same functions or better shall be considered substantially identical. Once the Seller's Property is under contract, the items that may be removed and taken by the Seller, as reflected in this Seller's Property Disclosure Statement, may only be amended with the written consent of the Buyer of the Property.
