# PROPERTY OVERVIEW

## TOP DOG FARM, MARION COUNTY, OREGON

This property features ±50.28 net acres of blueberries, planted between 2008 and 2016. With a combination of Duke, Legacy, and Blue Ribbon varieties, these blueberries are sure to delight your taste buds. They are planted at a density of 1,452 plants per acre and benefit from a drip irrigation system. Additionally, all the berry blocks have trellising, which consists of steel end posts, steel "T" posts in-rows, adequate fruiting wires, and weed matting. The blueberries have been well managed and the current management may have interest in continuing these services should that be desired.

There are ±62.50 acres of primary irrigation water rights associated with the cropland (accessed via 2 onsite wells), providing you with the ideal platform to cultivate your crops with ease.

Outbuildings include a 3,456 SF wood pole framed general-purpose building and a 288 SF general-purpose shed. A small gravel parking area near the general-purpose building allows adequate access for vehicles and equipment.

Don't miss the opportunity to own this incredible property and create your own farm legacy with this turn key, income producing, blueberry operation.
